

# Section 1: 10-Q (10-Q)

UNITED STATES  
SECURITIES AND EXCHANGE COMMISSION  
WASHINGTON, D.C. 20549

FORM 10-Q

(Mark One)

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d)  
OF THE SECURITIES EXCHANGE ACT OF 1934

FOR THE QUARTERLY PERIOD ENDED SEPTEMBER 30, 2017

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d)  
OF THE SECURITIES EXCHANGE ACT OF 1934

COMMISSION FILE NUMBER: 0-50398

**TICC CAPITAL CORP.**

(Exact name of registrant as specified in its charter)

MARYLAND

(State or other jurisdiction of  
incorporation or organization)

20-0188736

(I.R.S. Employer  
Identification No.)

8 SOUND SHORE DRIVE, SUITE 255  
GREENWICH, CONNECTICUT 06830

(Address of principal executive office)

(203) 983-5275

(Registrant's telephone number, including area code)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15 (d) of the Securities Exchange Act of 1934 (the "Exchange Act") during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes  No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes  No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or an emerging growth company. See definitions of "large accelerated filer", "accelerated filer", "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer	<input type="checkbox"/>	Accelerated filer	<input checked="" type="checkbox"/>
Non-accelerated filer	<input type="checkbox"/>	Smaller Reporting company	<input type="checkbox"/>
Emerging growth company	<input type="checkbox"/>		

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended

transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes  No

Indicate the number of shares outstanding of each of the issuer's classes of common stock, as of the latest practicable date. The number of shares of the issuer's common stock, \$0.01 par value, outstanding as of November 1, 2017 was 51,479,409.

CONSOLIDATED SCHEDULE OF INVESTMENTS — (continued)  
September 30, 2017  
(unaudited)

COMPANY/INVESTMENT <sup>(1)</sup>	PRINCIPAL AMOUNT	COST	FAIR VALUE <sup>(2)</sup>	% of Net Assets
<b>Cash Equivalents</b>				
First American Government Obligations Fund <sup>(21)</sup>		\$ 119,601,494	\$ 119,601,494	
<b>Total Cash Equivalents</b>		<b>\$ 119,601,494</b>	<b>\$ 119,601,494</b>	<b>31.3%</b>
<b>Total Investments in Securities and Cash Equivalents</b>		<b>\$ 562,217,391</b>	<b>\$ 541,332,047</b>	<b>141.6%</b>

- (1) Other than Unitek Global Services, Inc., of which we are deemed to be an “affiliate,” we do not “control” and are not an “affiliate” of any of our portfolio companies, each as defined in the Investment Company Act of 1940 (the “1940 Act”). In general, under the 1940 Act, we would be presumed to “control” a portfolio company if we owned 25% or more of its voting securities and would be an “affiliate” of a portfolio company if we owned 5% or more of its voting securities.
- (2) Fair value is determined in good faith by the Board of Directors of the Company.
- (3) Portfolio includes \$6,763,573 of principal amount of debt investments which contain a PIK provision at September 30, 2017.
- (4) Notes bear interest at variable rates.
- (5) Cost value reflects accretion of original issue discount or market discount.
- (6) Cost value reflects repayment of principal.
- (7) Non-income producing at the relevant period end.
- (8) Aggregate gross unrealized appreciation for federal income tax purposes is \$12,832,544; aggregate gross unrealized depreciation for federal income tax purposes is \$76,038,143. Net unrealized depreciation is \$63,205,599 based upon a tax cost basis of \$484,936,152.
- (9) Cost value reflects accretion of effective yield less any cash distributions received or entitled to be received from CLO equity investments.
- (10) The CLO equity investment was optionally redeemed. Refer to “Note 3. Summary of Significant Accounting Policies.”
- (11) Indicates assets that the Company believes do not represent “qualifying assets” under Section 55(a) of the 1940 Act. Qualifying assets must represent at least 70% of the Company’s total assets at the time of acquisition of any additional non-qualifying assets. As of September 30, 2017, the Company held qualifying assets that represented 67.3% of its total assets.
- (12) Investment not domiciled in the United States.
- (13) Fair value represents discounted cash flows associated with fees earned from CLO equity investments.
- (14) Aggregate investments represent greater than 5% of net assets.
- (15) The principal balance outstanding for this debt investment, in whole or in part, is indexed to 90-day LIBOR.
- (16) The principal balance outstanding for this debt investment, in whole or in part, is indexed to 1-year LIBOR.
- (17) The principal balance outstanding for this debt investment, in whole or in part, is indexed to 30-day LIBOR.
- (18) The principal balance outstanding for this debt investment, in whole or in part, is indexed to 180-day LIBOR.
- (19) The CLO subordinated notes and income notes are considered equity positions in the CLO funds. Equity investments are entitled to recurring distributions which are generally equal to the remaining cash flow of the payments made by the underlying fund’s securities less contractual payments to debt holders and fund expenses. The estimated yield indicated is based upon a current projection of the amount and timing of these recurring distributions and the estimated amount of repayment of principal upon expected redemption. Such projections are periodically reviewed and adjusted, and the estimated yield may not ultimately be realized.
- (20) Represents the earnout payments related to the sale of Algorithmic Implementations, Inc. (d/b/a “Ai Squared”).
- (21) Represents cash equivalents held in money market accounts as of September 30, 2017.

- (1) Other than Unitek Global Services, Inc., of which we are deemed to be an “affiliate,” we do not “control” and are not an “affiliate” of any of our portfolio companies, each as defined in the Investment Company Act of 1940 (the “1940 Act”). In general, under the 1940 Act, we would be presumed to “control” a portfolio company if we owned 25% or more of its voting securities and would be an “affiliate” of a portfolio company if we owned 5% or more of its voting securities.
- (2) Fair value is determined in good faith by the Board of Directors of the Company.
- (3) Portfolio includes \$6,637,496 of principal amount of debt investments which contain a PIK provision at December 31, 2016.
- (4) Notes bear interest at variable rates.
- (5) Cost value reflects accretion of original issue discount or market discount.
- (6) Cost value reflects repayment of principal.
- (7) Non-income producing at the relevant period end.
- (8) Aggregate gross unrealized appreciation for federal income tax purposes is \$16,039,914; aggregate gross unrealized depreciation for federal income tax purposes is \$93,938,149. Net unrealized depreciation is \$77,903,235 based upon a tax cost basis of \$667,826,311.
- (9) Cost value reflects accretion of effective yield less any cash distributions received or entitled to be received from CLO equity investments.
- (10) All or a portion of this investment represents TICC CLO 2012-1 LLC collateral.
- (11) Indicates assets that the Company believes do not represent “qualifying assets” under Section 55(a) of the 1940 Act. Qualifying assets must represent at least 70% of the Company’s total assets at the time of acquisition of any additional non-qualifying assets. As of December 31, 2016, the Company held qualifying assets that represented 65.9% of its total assets.
- (12) Investment not domiciled in the United States.
- (13) Fair value represents discounted cash flows associated with fees earned from CLO equity investments.
- (14) Aggregate investments represent greater than 5% of net assets.
- (15) The principal balance outstanding for this debt investment, in whole or in part, is indexed to 90-day LIBOR.
- (16) The principal balance outstanding for this debt investment, in whole or in part, is indexed to 1-year LIBOR.
- (17) The principal balance outstanding for this debt investment, in whole or in part, is indexed to 30-day LIBOR.
- (18) The principal balance outstanding for this debt investment, in whole or in part, is indexed to 180-day LIBOR.
- (19) The CLO subordinated notes and income notes are considered equity positions in the CLO funds. Equity investments are entitled to recurring distributions which are generally equal to the remaining cash flow of the payments made by the underlying fund’s securities less contractual payments to debt holders and fund expenses. The estimated yield indicated is based upon a current projection of the amount and timing of these recurring distributions and the estimated amount of repayment of principal upon expected redemption. Such projections are periodically reviewed and adjusted, and the estimated yield may not ultimately be realized.
- (20) Represents the earnout payments related to the sale of Algorithmic Implementations, Inc. (d/b/a “Ai Squared”).
- (21) Represents cash equivalents held in a money market account as of December 31, 2016.

See Accompanying Notes.

**TICC CAPITAL CORP.**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
SEPTEMBER 30, 2017  
(unaudited)**

**NOTE 1. UNAUDITED INTERIM FINANCIAL STATEMENTS**

Interim consolidated financial statements of TICC Capital Corp. (“TICC” and, together with its subsidiaries, the “Company”) are prepared in accordance with generally accepted accounting principles in the United States of America (“GAAP”) for interim financial information and pursuant to the requirements for reporting on Form 10-Q and Article 10 of Regulation S-X. Accordingly, certain disclosures accompanying annual financial statements prepared in accordance with GAAP are omitted. In the opinion of management, all adjustments, consisting of normal recurring accruals, necessary for the fair statement of consolidated financial results for the interim periods have been included. The current period’s consolidated results of operations are not necessarily indicative of results that may be achieved for the year. The interim consolidated financial statements and notes thereto should be read in conjunction with the consolidated financial statements and notes thereto included in the Company’s Form 10-K for the year ended December 31, 2016, as filed with the Securities and Exchange Commission (“SEC”).

**NOTE 2. ORGANIZATION**

TICC was incorporated under the General Corporation Laws of the State of Maryland on July 21, 2003 and is a non-diversified, closed-end investment company. TICC has elected to be regulated as a business development company (“BDC”) under the Investment Company Act of 1940, as amended (the “1940 Act”). In addition, TICC has elected to be treated for tax purposes as a regulated investment company (“RIC”), under Subchapter M of the Internal Revenue Code of 1986, as amended (the “Code”). The Company’s investment objective is to maximize its total return, by investing primarily in corporate debt securities.

TICC’s investment activities are managed by TICC Management, LLC (“TICC Management”). TICC Management is an investment adviser registered under the Investment Advisers Act of 1940, as amended. TICC Management is owned by BDC Partners, LLC (“BDC Partners”), its managing member and a related party, and Charles M. Royce, a member of our Board of Directors who holds a minority, non-controlling interest in TICC Management. Under the investment advisory agreement with TICC Management (the “Investment Advisory Agreement”), TICC has agreed to pay TICC Management an annual base management fee based on its gross assets as well as an incentive fee based on its performance. For further details please refer to “Note 8. Related Party Transactions.”

The Company’s consolidated operations include the activities of its wholly-owned subsidiary, TICC CLO 2012-1 LLC (“2012 Securitization Issuer” or “TICC CLO 2012-1”). TICC CLO 2012-1 was formed for the purpose of enabling the Company to obtain debt financing and is operated solely for the investment activities of the Company. TICC CLO 2012-1 effectively ceased operations on August 25, 2017, as the notes payable by TICC CLO 2012-1 were repaid in full. Refer to “Note 6. Borrowings” for additional information on the Company’s borrowings and TICC CLO 2012-1.

**NOTE 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**BASIS OF PRESENTATION**

The accompanying consolidated financial statements include the accounts of the Company and its wholly-owned subsidiary, TICC CLO 2012-1. All inter-company accounts and transactions have been eliminated in consolidation.

The Company follows the accounting and reporting guidance in Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 946, *Financial Services — Investment Companies*. Certain prior period figures have been reclassified from those originally published in quarterly and annual reports to conform to the current period presentation for comparative purposes.

**TICC CAPITAL CORP.**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
SEPTEMBER 30, 2017  
(unaudited)**

**NOTE 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**USE OF ESTIMATES**

The consolidated financial statements have been prepared in accordance with GAAP, which requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes. Actual results may differ from those estimates.

In the normal course of business, the Company may enter into contracts that contain a variety of representations and provide indemnifications. The Company's maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Company that have not yet occurred. However, based upon experience, the Company expects the risk of loss to be remote.

**CONSOLIDATION**

As provided under Regulation S-X and ASC Topic 946-810, *Consolidation*, the Company will generally not consolidate its investment in a company other than a wholly-owned investment company or a controlled operating company whose business consists of providing services to the Company. TICC CLO 2012-1 would be considered an investment company but for the exceptions under Sections 3(c)(1) and 3(c)(7) under the 1940 Act, and was established solely for the purpose of allowing the Company to borrow funds for the purpose of making investments. The Company owns all of the equity in this entity and controls the decision making power that drives its economic performance. Accordingly, the Company consolidates its wholly-owned subsidiary in its financial statements, and follows the accounting and reporting guidance in ASC 946-810.

**CASH, CASH EQUIVALENTS AND RESTRICTED CASH**

Cash and cash equivalents consist of demand deposits and cash held in a money market fund which contain investments with original maturities of three months or less. The Company places its cash and cash equivalents with financial institutions and, at times, cash held in bank accounts may exceed the Federal Deposit Insurance Corporation insured limit. Cash equivalents are classified as Level 1 assets and are included on the Company's Consolidated Schedule of Investments. Cash equivalents are carried at cost or amortized cost which approximates fair value.

As of December 31, 2016, restricted cash represents the cash held by the trustee of the 2012 Securitization Issuer. The amounts are held by the trustee for payment of interest expense and operating expenses of the entity, principal repayments on borrowings, or new investments, based upon the terms of the respective indenture, and are not available for general corporate purposes. There was no restricted cash as of September 30, 2017 as TICC CLO 2012-1 effectively ceased operations on August 25, 2017.

**INVESTMENT VALUATION**

The Company fair values its investment portfolio in accordance with the provisions of ASC 820, *Fair Value Measurement and Disclosure*. Estimates made in the preparation of TICC's consolidated financial statements include the valuation of investments and the related amounts of unrealized appreciation and depreciation of investments recorded. TICC believes that there is no single definitive method for determining fair value in good faith. As a result, determining fair value requires that judgment be applied to the specific facts and circumstances of each portfolio investment while employing a consistently applied valuation process for the types of investments TICC makes.

ASC 820-10 clarified the definition of fair value and requires companies to expand their disclosure about the use of fair value to measure assets and liabilities in interim and annual periods subsequent to initial recognition. ASC 820-10 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820-10 also establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include: Level 1, defined as observable inputs such as quoted

**TICC CAPITAL CORP.**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2017**  
**(unaudited)**

**NOTE 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

prices in active markets; Level 2, which includes inputs such as quoted prices for similar securities in active markets and quoted prices for identical securities in markets that are not active; and Level 3, defined as unobservable inputs for which little or no market data exists, therefore requiring an entity to develop its own assumptions. TICC considers the attributes of current market conditions on an on-going basis and has determined that due to the general illiquidity of the market for its investment portfolio, whereby little or no market data exists, all of TICC's investments are based upon "Level 3" inputs as of September 30, 2017.

TICC's Board of Directors determines the value of its investment portfolio each quarter. In connection with that determination, members of TICC Management's portfolio management team prepare a quarterly analysis of each portfolio investment using the most recent portfolio company financial statements, forecasts and other relevant financial and operational information. Since March 2004, TICC has engaged third-party valuation firms to provide assistance in valuing certain of its syndicated loans and bilateral investments, including related equity investments, although TICC's Board of Directors ultimately determines the appropriate valuation of each such investment. Changes in fair value, as described above, are recorded in the Consolidated Statement of Operations as Net change in unrealized appreciation/(depreciation).

***Syndicated Loans***

In accordance with ASC 820-10, TICC's valuation procedures specifically provide for the review of indicative quotes supplied by the large agent banks that make a market for each security. However, the marketplace from which TICC obtains indicative bid quotes for purposes of determining the fair value of its syndicated loan investments has shown attributes of illiquidity as described by ASC 820-10. During such periods of illiquidity, when TICC believes that the non-binding indicative bids received from agent banks for certain syndicated investments that we own may not be determinative of their fair value or when no market indicative quote is available, TICC may engage third-party valuation firms to provide assistance in valuing certain syndicated investments that TICC owns. In addition, TICC Management prepares an analysis of each syndicated loan, including a financial summary, covenant compliance review, recent trading activity in the security, if known, and other business developments related to the portfolio company. All available information, including non-binding indicative bids which may not be determinative of fair value, is presented to the Valuation Committee to consider in its determination of fair value. In some instances, there may be limited trading activity in a security even though the market for the security is considered not active. In such cases the Valuation Committee will consider the number of trades, the size and timing of each trade, and other circumstances around such trades, to the extent such information is available, in its determination of fair value. The Valuation Committee will evaluate the impact of such additional information, and factor it into its consideration of the fair value that is indicated by the analysis provided by third-party valuation firms, if any.

***Collateralized Loan Obligations — Debt and Equity***

TICC has acquired a number of debt and equity positions in collateralized loan obligation ("CLO") investment vehicles and CLO warehouse investments. These investments are special purpose financing vehicles. In valuing such investments, TICC considers the indicative prices provided by a recognized industry pricing service as a primary source, and the implied yield of such prices, supplemented by actual trades executed in the market at or around period-end, as well as the indicative prices provided by the broker who arranges transactions in such investment vehicles. TICC also considers those instances in which the record date for an equity distribution payment falls on the last day of the period, and the likelihood that a prospective purchaser would require a downward adjustment to the indicative price representing substantially all of the pending distribution. Additional factors include any available information on other relevant transactions including firm bids and offers in the market and information resulting from bids-wanted-in-competition. In addition, TICC considers the operating metrics of the specific investment vehicle, including compliance with collateralization tests, defaulted and restructured securities, and payment defaults, if any. TICC Management or the Valuation Committee may request an additional analysis by a third-party firm to assist in the valuation process of CLO investment vehicles. All information is presented to TICC's Board of Directors for its determination of fair value of these investments.

**TICC CAPITAL CORP.**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
SEPTEMBER 30, 2017  
(unaudited)**

**NOTE 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

***Bilateral Investments (Including Equity)***

Bilateral investments for which market quotations are readily available are valued by an independent pricing agent or market maker. If such market quotations are not readily available, under the valuation procedures approved by TICC's Board of Directors, upon the recommendation of the Valuation Committee, a third-party valuation firm will prepare valuations for each of TICC's bilateral investments that, when combined with all other investments in the same portfolio company, (i) have a value as of the previous quarter of greater than or equal to 2.5% of its total assets as of the previous quarter, and (ii) have a value as of the current quarter of greater than or equal to 2.5% of its total assets as of the previous quarter, after taking into account any repayment of principal during the current quarter. In addition, in those instances where a third-party valuation is prepared for a portfolio investment which meets the parameters noted in (i) and (ii) above, the frequency of those third-party valuations is based upon the grade assigned to each such security under its credit grading system as follows: Grade 1, at least annually; Grade 2, at least semi-annually; Grades 3, 4, and 5, at least quarterly. Bilateral investments which do not meet the parameters in (i) and (ii) above are not required to have a third-party valuation and, in those instances, a valuation analysis will be prepared by TICC Management. TICC Management also retains the authority to seek, on TICC's behalf, additional third party valuations with respect to TICC's bilateral portfolio securities, TICC's syndicated loan investments, and CLO investment vehicles. TICC's Board of Directors retains ultimate authority as to the third-party review cycle as well as the appropriate valuation of each investment.

**INVESTMENT INCOME**

***Interest Income***

Interest income is recorded on an accrual basis using the contractual rate applicable to each debt investment and includes the accretion of market discounts and/or original issue discount ("OID") and amortization of market premiums. Discounts from and premiums to par value on securities purchased are accreted/amortized into interest income over the life of the respective security using the effective yield method. The amortized cost of investments represents the original cost adjusted for the accretion of discounts and amortization of premiums, if any.

Generally, when interest and/or principal payments on a loan become past due, or if the Company otherwise does not expect the borrower to be able to service its debt and other obligations, the Company will place the loan on non-accrual status and will generally cease recognizing interest income on that loan for financial reporting purposes until all principal and interest have been brought current through payment or due to restructuring such that the interest income is deemed to be collectible. The Company generally restores non-accrual loans to accrual status when past due principal and interest is paid and, in the Company's judgment, is likely to remain current. As of September 30, 2017 and as of December 31, 2016, the Company had no investments that were on non-accrual status.

Interest income also includes a payment-in-kind ("PIK") provision on certain investments in TICC's portfolio. Refer to the section below, "Payment-In-Kind," for a description of the PIK provision and its impact on interest income.

***Payment-In-Kind***

TICC has debt investments in its portfolio which contain a contractual PIK provision. Certain PIK investments offer issuers the option at each payment date of making payments in cash or additional securities. PIK interest computed at the contractual rate is accrued into income and added to the principal balance on the capitalization date. Upon capitalization, PIK investments are subject to the fair value estimates associated with their respective related investments. A PIK investment on non-accrual status is restored to accrual status once it becomes probable that PIK will be realized. To maintain its status as a RIC, at least 90% of this income must be paid out to stockholders in the form of distributions, even though TICC has not collected any cash. Amounts necessary to pay these distributions may come from available cash or the liquidation of certain investments.

**TICC CAPITAL CORP.**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
SEPTEMBER 30, 2017  
(unaudited)**

**NOTE 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

***Income from Securitization Vehicles and Investments***

Income from investments in the equity class securities of CLO vehicles (typically income notes or subordinated notes) is recorded using the effective interest method in accordance with the provisions of ASC 325-40, based upon an effective yield to the expected redemption utilizing estimated cash flows, including those CLO equity investments that have not made their inaugural distribution for the relevant period end. The Company monitors the expected residual payments, and effective yield is determined and updated periodically, as needed. Accordingly, investment income recognized on CLO equity securities in the GAAP Consolidated Statement of Operations differs from both the tax-basis investment income and from the cash distributions actually received by the Company during the period.

***Commitment, Amendment Fee Income and Other Income***

Commitment, amendment fee income and other income includes prepayment, amendment, and other fees earned by the Company's loan investments, distributions from fee letters and success fees associated with portfolio investments. Distributions from fee letters are based upon a percentage of the collateral manager's fees, and are recorded as other income when earned. The Company may also earn success fees associated with its investments in certain securitization vehicles or "CLO warehouse facilities," which are contingent upon a repayment of the warehouse by a permanent CLO securitization structure; such fees are earned and recognized when the repayment is completed.

**DEFERRED DEBT ISSUANCE COSTS**

Deferred debt issuance costs consist of fees and expenses incurred in connection with the closing or amending of credit facilities and debt offerings, and are capitalized at the time of payment. These costs are amortized using the straight line method over the terms of the respective credit facilities and debt securities. This amortization expense is included in Interest expense in the Company's Consolidated Statement of Operations. Upon early termination of debt, or a credit facility, the remaining balance of unamortized fees related to such debt is accelerated into Realized Losses on Extinguishment of Debt on the Company's Consolidated Statement of Operations. Deferred offering costs are presented on the balance sheet as a direct deduction from the related debt liability.

**EQUITY OFFERING COSTS**

Equity offering costs consist of fees and expenses incurred in connection with the registration and public offer and sale of the Company's common stock, including legal, accounting and printing fees. These costs are deferred at the time of incurrence and are subsequently charged as a reduction to capital when the offering takes place or as shares are issued. Deferred costs are periodically reviewed and expensed if the related registration is no longer active.

**SHARE REPURCHASES**

From time to time, the Company's Board of Directors may authorize a share repurchase program under which shares are purchased in open market transactions. Since the Company is incorporated in the State of Maryland, state law requires share repurchases to be accounted for as a share retirement. The cost of repurchased shares is charged against capital on the settlement date.

**OTHER ASSETS**

Other assets consist of funds held in escrow from sales of investments, prepaid expenses associated primarily with insurance costs, other receivables and deferred equity offering costs. At September 30, 2017, funds held in escrow totaled approximately \$739,000, related to the sale of the Company's investment in Ai Squared during the quarter ended June 30, 2016. The funds are expected to be released from escrow to the company during the fourth quarter of 2017, net of settlement

**TICC CAPITAL CORP.**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
SEPTEMBER 30, 2017  
(unaudited)**

**NOTE 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

of any indemnity claims and expenses related to the transaction. Prepaid expenses, other receivables and deferred equity offering costs totaled approximately \$777,000 as of September 30, 2017.

**U.S. FEDERAL INCOME TAXES**

The Company intends to operate so as to qualify to be taxed as a RIC under Subchapter M of the Code and, as such, to not be subject to U.S. federal income tax on the portion of its taxable income and gains distributed to stockholders. To qualify for RIC tax treatment, TICC is required to distribute at least 90% of its investment company taxable income annually, meet diversification requirements quarterly and file Form 1120-RIC, as defined by the Code.

Because U.S. federal income tax regulations differ from GAAP, distributions in accordance with tax regulations may differ from net investment income and realized gains recognized for financial reporting purposes. Differences may be permanent or temporary. Permanent differences are reclassified among capital accounts in the financial statements to reflect their tax character. Temporary differences arise when certain items of income, expense, gain or loss are recognized at some time in the future. Differences in classification may also result from the treatment of short-term gains as ordinary income for tax purposes.

The Company recognizes the tax benefits of uncertain tax positions only when the position is more likely than not to be sustained, assuming examination by tax authorities. Through September 30, 2017, management has analyzed the Company's tax positions and concluded that no liability for unrecognized tax benefits should be recorded related to uncertain tax positions expected to be taken in the Company's 2017 tax returns. The Company identifies its major tax jurisdictions as U.S Federal and Connecticut State; however, the Company is not aware of any tax position for which it is reasonably possible that the total amounts of unrecognized tax benefits will change materially in the next 12 months.

For tax purposes, the cost basis of the portfolio investments at September 30, 2017 and December 31, 2016 was approximately \$484,936,152 and \$667,826,311, respectively.

**SECURITIES TRANSACTIONS**

Securities transactions are recorded on trade date. Realized gains and losses on investments sold are recorded on the basis of specific identification.

Distributions received on CLO equity investments which were optionally redeemed for which the cost basis has been reduced to zero are recorded as realized gains.

TICC CAPITAL CORP.

Equity and Other Investments	—	—	12.7	12.7
Total Investments at fair value	—	4.7	585.2	589.9
Cash and cash equivalents	8.3	—	—	8.3
Total assets at fair value	\$ 8.3	\$ 4.7	\$ 585.2	\$ 598.2

*Significant Unobservable Inputs for Level 3 Investments*

The following tables provide quantitative information about the Company's Level 3 fair value measurements as of September 30, 2017 and December 31, 2016, respectively. The Company's valuation policy, as described above, establishes parameters for the sources and types of valuation analysis, as well as the methodologies and inputs that the Company uses in determining fair value. If the Valuation Committee or TICC Management determines that additional techniques, sources or inputs are appropriate or necessary in a given situation, such additional work will be undertaken. The tables, therefore,

TICC CAPITAL CORP.

		Discounted cash flow <sup>(5)</sup>	Market multiples <sup>(2)</sup>	5.5x – 6.0x/ncm <sup>(4)</sup>	Increase
Other investments	—	Other	Discount rate <sup>(3)</sup>	10.9%/ncm <sup>(4)</sup>	Decrease
Total Fair Value for Level 3 Investments <sup>(9)</sup>	\$ 421.7				

- (1) The Company generally uses prices provided by an independent pricing service, or broker or agent bank non-binding indicative bid prices (“NBIB”) on or near the valuation date as the primary basis for the fair value determinations for syndicated notes, and CLO debt and equity investments, which may be adjusted for pending equity distributions as of valuation date. These bid prices are non-binding, and may not be determinative of fair value. Each bid price is evaluated by the Valuation Committee in conjunction with additional information compiled by TICC Management, including financial performance, recent business developments, and, in the case of CLO debt and equity investments, performance and covenant compliance information as provided by the independent trustee.
- (2) EBITDA, or earnings before interest expense, taxes, depreciation and amortization, is an unobservable input which is generally based on most recently available twelve month financial statements provided by the portfolio company. Market multiples, also an unobservable input, represent an estimation of where market participants might value an enterprise based upon information available for comparable companies in the market.
- (3) Discount rate represents the rate at which future cash flows are discounted to calculate a present value, reflecting market assumptions for risk.
- (4) The calculation of weighted average for a range of values, for multiple investments within a given asset category, is not considered to provide a meaningful representation (“ncm”).

- (5) The Company will calculate the fair value of certain CLO equity investments based upon the net present value of expected contractual payment streams discounted using estimated market yields for the equity tranche of the respective CLO vehicle. TICC will also consider those investments in which the record date for an equity distribution payment falls on the last day of the period, and the likelihood that a prospective purchaser would require an adjustment to the transaction price representing substantially all of the pending distribution.
- (6) Prices provided by independent pricing services are evaluated in conjunction with actual trades and payoffs and, in certain cases, the value represented by actual trades or payoffs may be more representative of fair value as determined by the Valuation Committee.

TICC CAPITAL CORP.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
 SEPTEMBER 30, 2017  
 (unaudited)

NOTE 4. FAIR VALUE (continued)

- (7) For the corporate debt investments and equity investments, third-party valuation firms evaluate the financial and operational information of the portfolio companies that the Company provides to them, as well as independent market and industry information that they consider appropriate in forming an opinion as to the fair value of the Company's securities. In those instances where the carrying value and/or internal credit rating of the investment does not require the use of a third-party valuation firm, a valuation is prepared by TICC Management, which may include liquidation analysis or which may utilize a subsequent transaction to provide an indication of fair value.
- (8) Weighted averages are calculated based on fair value of investments.
- (9) Totals may not sum due to rounding.
- (10) The impact on the fair value measurement of an increase in each unobservable input is in isolation. The discount rate is the rate used to discount future cash flows in a discounted cash flow calculation. An increase in the discount rate, in isolation, would result in a decrease in a fair value measurement. Market/EBITDA multiples refer to the input (often derived from the value of a comparable company) that is multiplied by the historic and/or expected EBITDA of a company in order to estimate the company's value. An increase in the Market/EBITDA multiple, in isolation, net of adjustments, would result in an increase in a fair value measurement.

Quantitative Information about Level 3  
 Fair Value Measurements

Assets (\$ in millions)	Fair Value as of December 31, 2016	Valuation Techniques/ Methodologies	Unobservable Input	Range/Weighted Average <sup>(8)</sup>	Impact to Fair Value from an Increase in Input <sup>(9)</sup>

(1) The Company generally uses prices provided by an independent pricing service, or broker or agent bank non-binding indicative bid prices ("NBIB") on or near the valuation date as the primary basis for the fair

value determinations for syndicated notes, and CLO debt and equity investments, which may be adjusted for pending equity distributions as of valuation date. These bid prices are non-binding, and may not be determinative of fair value. Each bid price is evaluated by the Valuation Committee in conjunction with additional information compiled by TICC Management, including financial performance, recent business developments, and, in the case of CLO debt and equity investments, performance and covenant compliance information as provided by the independent trustee.

TICC CAPITAL CORP.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
 SEPTEMBER 30, 2017  
 (unaudited)

**NOTE 4. FAIR VALUE (continued)**

- (2) EBITDA is an unobservable input which is generally based on most recently available twelve month financial statements provided by the portfolio company. Market multiples, also an unobservable input, represent an estimation of where market participants might value an enterprise based upon information available for comparable companies in the market.
- (3) Discount rate represents the rate at which future cash flows are discounted to calculate a present value, reflecting market assumptions for risk.
- (4) The calculation of weighted average for a range of values, for multiple investments within a given asset category, is not considered to provide a meaningful representation (“ncm”).
- (5) The Company will calculate the fair value of certain CLO equity investments based upon the net present value of expected contractual payment streams discounted using estimated market yields for the equity tranche of the respective CLO vehicle. TICC will also consider those investments in which the record date for an equity distribution payment falls on the last day of the period, and the likelihood that a prospective purchaser would require an adjustment to the transaction price representing substantially all of the pending distribution.
- (6) Prices provided by independent pricing services are evaluated in conjunction with actual trades and payoffs and, in certain cases, the value represented by actual trades or payoffs may be more representative of fair value as determined by the Valuation Committee.
- (7) For the corporate debt investments and equity investments, third-party valuation firms evaluate the financial and operational information of the portfolio companies that the Company provides to them, as well as independent market and industry information that they consider appropriate in forming an opinion as to the fair value of the Company’s securities. In those instances where the carrying value and/or internal credit rating of the investment does not require the use of a third-party valuation firm, a valuation is prepared by TICC Management, which may include liquidation analysis or which may utilize a subsequent transaction to provide an indication of fair value.
- (8) Weighted averages are calculated based on fair value of investments.
- (9) The impact on the fair value measurement of an increase in each unobservable input is in isolation. The discount rate is the rate used to discount future cash flows in a discounted cash flow calculation. An increase in the discount rate, in isolation, would result in a decrease in a fair value measurement. Market/EBITDA multiples refer to the input (often derived from the value of a comparable company) that is multiplied by the historic and/or expected EBITDA of a company in order to estimate the company’s value. An increase in the Market/EBITDA multiple, in isolation, net of adjustments, would result in an increase in a fair value measurement.

**Financial Instruments Disclosed, But Not Carried, At Fair Value**

The following table presents the carrying value and fair value of the Company’s financial liabilities disclosed, but not carried, at fair value as of September 30, 2017 and the level of each financial liability within the fair value hierarchy:

(\$ in thousands)	Carrying Value	Fair Value <sup>(2)(3)</sup>	Level 1	Level 2	Level 3
2017 Convertible Notes <sup>(1)</sup>	94,497	94,956	—	—	94,956
6.50% Unsecured Notes <sup>(1)</sup>	62,258	66,791	—	66,791	—
<b>Total<sup>(4)</sup></b>	<b>\$ 156,756</b>	<b>\$ 161,747</b>	<b>\$ —</b>	<b>\$ 66,791</b>	<b>\$ 94,956</b>

- (1) Carrying value is net of deferred debt issuance costs. Deferred debt issuance costs associated with the 2017 Convertible Notes (the “Convertible Notes”) totaled \$45 at September 30, 2017. Deferred debt issuance costs associated with the 6.50% Unsecured Notes totaled approximately \$2,112 at September 30, 2017.
- (2) For the Convertible Notes, fair value is based upon the mid-point between the bid and ask prices.
- (3) For the 6.50% Unsecured Notes due 2024 (the “6.50% Unsecured Notes”), the fair value is based upon the closing price on the last day of the quarter. The 6.50% Unsecured Notes are listed on the NASDAQ Global Select Market (trading symbol TICCL).
- (4) Totals may not sum due to rounding.

TICC CAPITAL CORP.

NOTE 4. FAIR VALUE (continued)

The following table presents the carrying value and fair value of the Company's financial liabilities disclosed, but not carried, at fair value as of December 31, 2016 and the level of each financial liability within the fair value hierarchy:

(\$ in thousands)	Carrying Value	Fair Value <sup>(3)</sup>	Level 1	Level 2	Level 3
TICC CLO 2012-1 LLC Class A-1 Notes, net of discount <sup>(1)</sup>	\$ 64,788	\$ 65,282	\$ —	\$ —	\$ 65,282
TICC CLO 2012-1 LLC Class B-1 Notes, net of discount <sup>(1)</sup>	19,633	20,025	—	—	20,025
TICC CLO 2012-1 LLC Class C-1 Notes, net of discount <sup>(1)</sup>	22,375	23,058	—	—	23,058
TICC CLO 2012-1 LLC Class D-1 Notes, net of discount <sup>(1)</sup>	20,290	21,210	—	—	21,210
TICC CLO 2012-1 LLC deferred debt issuance costs <sup>(2)</sup>	(1,232)	—	—	—	—
Sub-total TICC CLO 2012-1, LLC Notes <sup>(1)(2)</sup>	125,854	129,575	—	—	129,575
2017 Convertible Notes <sup>(2)(4)</sup>	94,117	96,906	—	—	96,906
Total	<u>\$ 219,971</u>	<u>\$ 226,481</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 226,481</u>

(1) Carrying value is net of discount.

(2) Carrying value is net of deferred debt issuance costs. Deferred debt issuance costs associated with the outstanding TICC CLO 2012-1 notes are aggregated at the CLO level, and not by class. Deferred debt issuance costs associated with the Convertible Notes totaled \$425 at December 31, 2016.

(3) For the TICC CLO 2012-1 notes, fair value is based upon the bid price provided by the placement agent at the measurement date; for the Convertible Notes, fair value is based upon the mid-point between the bid and ask prices.

(4) Includes rounding adjustments to reconcile period balances.

NOTE 5. CASH, CASH EQUIVALENTS AND RESTRICTED CASH

At September 30, 2017 and December 31, 2016, respectively, cash, cash equivalents and restricted cash were as follows:

	September 30, 2017	December 31, 2016
Cash	\$ —	\$ —
Cash Equivalents	119,601,494	8,261,698
Total Cash and Cash Equivalents	<u>\$ 119,601,494</u>	<u>\$ 8,261,698</u>
Restricted Cash	<u>\$ —</u>	<u>\$ 3,451,636</u>

For further details regarding the composition of cash, cash equivalents and restricted cash refer to “Note 3. Summary of Significant Accounting Policies.”

NOTE 6. BORROWINGS

In accordance with the 1940 Act, with certain limited exceptions, the Company is only allowed to borrow amounts such that its asset coverage, as defined in the 1940 Act, is at least 200% immediately after such borrowing. As of September 30, 2017, the Company’s asset coverage for borrowed amounts was 504.2%.

The following are the Company’s outstanding principal amounts, carrying values and fair values of the Company’s borrowings as of September 30, 2017 and December 31, 2016. Fair values of the Company’s notes payable are based upon the bid price provided by the placement agent at the measurement date:

(\$ in thousands)	September 30, 2017			December 31, 2016		
	Principal Amount	Carrying Value	Fair Value	Principal Amount	Carrying Value	Fair Value
TICC CLO 2012-1 LLC Class A-1 Notes	\$ —	\$ —	\$ —	\$ 65,282	\$ 64,788 <sup>(1)</sup>	\$ 65,282
TICC CLO 2012-1 LLC Class B-1 Notes	—	—	—	20,000	19,633 <sup>(1)</sup>	20,025
TICC CLO 2012-1 LLC Class C-1 Notes	—	—	—	23,000	22,375 <sup>(1)</sup>	23,058
TICC CLO 2012-1 LLC Class D-1 Notes	—	—	—	21,000	20,290 <sup>(1)</sup>	21,210
TICC CLO 2012-1 LLC deferred issuance costs	—	—	—	—	(1,232)	—
Sub-total TICC CLO 2012-1, LLC Notes	—	—	—	129,282	125,854	129,575
2017 Convertible Notes	94,542	94,497 <sup>(2)</sup>	94,956	94,542	94,117 <sup>(2)</sup>	96,906
6.50% Unsecured Notes	64,370	62,258 <sup>(2)</sup>	66,791	—	—	—
Total <sup>(3)</sup>	<u>\$ 158,912</u>	<u>\$ 156,756</u>	<u>\$ 161,747</u>	<u>\$ 223,824</u>	<u>\$ 219,971</u>	<u>\$ 226,481</u>

- (1) Represents the aggregate principal amount outstanding less the unaccreted discount. As of December 31, 2016, the total unaccreted discount for the 2023 Class A Notes, the 2023 Class B Notes, the 2023 Class C Notes and the 2023 Class D Notes was approximately \$494, \$367, \$625 and \$710, respectively.
- (2) Represents the aggregate principal amount outstanding less the unamortized deferred issuance costs. As of September 30, 2017, the total unamortized deferred issuance costs for the Convertible Notes and 6.50% Unsecured Notes was approximately \$45 and \$2,112, respectively. As of December 31, 2016, the total unamortized deferred issuance costs for the Convertible Notes was approximately \$425.
- (3) Totals may not sum due to rounding.

The weighted average stated interest rate and weighted average maturity on all of the Company’s debt outstanding as of September 30, 2017 were 7.09% and 2.7 years, respectively, and as of December 31, 2016 were 5.56% and 4.2 years, respectively.

The aggregate accrued interest which remained payable as of September 30, 2017 and December 31, 2016 was approximately \$3.0 million and \$1.7 million, respectively.

#### **TICC CLO 2012-1 LLC**

On August 23, 2012, the Company completed a \$160 million debt securitization financing transaction, consisting of \$120 million in secured notes and \$40 million of the 2012 subordinated notes. On February 25, 2013 and May 28, 2013, TICC CLO 2012-1 issued additional secured notes totaling an aggregate of \$120 million and 2012 subordinated notes totaling

TICC CAPITAL CORP.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
 SEPTEMBER 30, 2017  
 (unaudited)

NOTE 6. BORROWINGS (continued)

an aggregate of \$40 million, which 2012 subordinated notes were purchased by TICC under the “accordion” feature of the debt securitization which allowed, under certain circumstances and subject to the satisfaction of certain conditions, for an increase in the amount of secured and subordinated notes. It is not necessary that the Company own all or any of the notes permitted by this feature, which may affect the accounting treatment of the debt securitization financing transaction. On August 25, 2016, November 25, 2016, February 27, 2017, and May 25, 2017, the Securitization Issuer repaid approximately \$36.0 million, approximately \$74.7 million, approximately \$24.5 million, and approximately \$31.4 million of the class A-1 notes, respectively. On August 25, 2017, the Securitization Issuer repaid, in full, the remaining secured notes (classes A-1, B-1, C-1 and D-1) outstanding of approximately \$73.4 million. Management is in the process of winding down TICC CLO 2012-1.

In connection with the August 25, 2016 repayment of approximately \$36.0 million of the Class A-1 notes, the Company incurred debt extinguishment costs of approximately \$648,000, which consisted of approximately \$287,000 in accelerated note discount expense and approximately \$361,000 in accelerated deferred debt issuance costs.

In connection with the November 25, 2016 repayment of approximately \$74.7 million of the Class A-1 notes, the Company incurred debt extinguishment costs of approximately \$1,296,000, which consisted of approximately \$574,000 in accelerated note discount expense and approximately \$722,000 in accelerated deferred debt issuance costs.

In connection with the February 27, 2017 repayment of approximately \$24.5 million of the Class A-1 notes, the Company incurred debt extinguishment costs of approximately \$409,000, which consisted of approximately \$181,000 in accelerated note discount expense and approximately \$228,000 in accelerated deferred debt issuance costs.

In connection with the May 25, 2017 repayment of approximately \$31.4 million of the Class A-1 notes, the Company incurred debt extinguishment costs of approximately \$505,000, which consisted of approximately \$224,000 in accelerated note discount expense and approximately \$281,000 in accelerated deferred debt issuance costs.

In connection with the August 25, 2017 repayment of approximately \$73.4 million of the Class A-1, B-1, C-1 and D-1 notes, the Company incurred debt extinguishment costs of approximately \$2.2 million, which consisted of approximately \$1.6 million in accelerated note discount expense and approximately \$0.6 million in accelerated deferred debt issuance costs.

The accelerated note discount expense and accelerated deferred debt issuance costs are recorded within Realized Losses on Extinguishment of Debt in the Consolidated Statement of Operations.

The following table sets forth the components of interest expense, effective annualized average interest rates, and cash paid for interest of the Class A-1, B-1, C-1 and D-1 for the three and nine months ended September 30, 2017 and 2016, respectively:

	Three Months Ended September 30, 2017	Three Months Ended September 30, 2016	Nine Months Ended September 30, 2017	Nine Months Ended September 30, 2016
<b>TICC CLO 2012-1 LLC (\$ in thousands)</b>				
Stated interest expense	\$ 616.7	\$ 1,904.9	\$ 3,041.9	\$ 5,683.0
Amortization of deferred issuance costs	16.1	81.6	91.7	253.0
Note discount expense	40.0	108.4	187.2	330.6
Total interest expense	<u>\$ 672.8</u>	<u>\$ 2,094.9</u>	<u>\$ 3,320.8</u>	<u>\$ 6,266.6</u>
Effective annualized average interest rate	5.98%	3.70%	5.33%	3.56%
Cash paid for interest	\$ 1,031.6	\$ 1,960.0	\$ 3,591.2	\$ 5,652.4

Effective January 1, 2017 and through February 27, 2017, the interest charged under the securitization was based on three-month LIBOR, which was 0.930%. Effective February 28, 2017 and through May 25, 2017, the interest charged under the securitization was based on three-month LIBOR, which was approximately 1.052%.

Effective May 26, 2017 and through August 25, 2017, the interest charged under the securitization was based on three-month LIBOR, which was approximately 1.189%.

TICC serves as collateral manager to the 2012 Securitization Issuer under a collateral management agreement. TICC is entitled to a deferred fee for its services as collateral manager. The deferred fee is eliminated in consolidation.

6.50% Unsecured Notes Due 2024

On April 12, 2017, the Company completed an underwritten public offering of approximately \$64.4 million in aggregate principal amount of 6.50% unsecured notes due 2024. The 6.50% Unsecured Notes will mature on March 30, 2024, and may be redeemed in whole or in part at any time or from time to time at the Company's option on or after March 30, 2020. The

TICC CAPITAL CORP.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
 SEPTEMBER 30, 2017  
 (unaudited)

NOTE 6. BORROWINGS (continued)

6.50% Unsecured Notes will bear interest at a rate of 6.50% per year payable quarterly on March 30, June 30, September 30, and December 30 of each year, commencing June 30, 2017.

The aggregate accrued interest payable on the 6.50% Unsecured Notes at September 30, 2017 was approximately \$11,600. As of September 30, 2017, the Company had unamortized deferred debt issuance costs of approximately \$2.1 million relating to these notes. This amount is being amortized and is included in Interest expense in the Consolidated Statements of Operations over the term of the 6.50% Unsecured Notes.

The following table sets forth the components of interest expense, effective annualized average interest rates and cash paid for interest of the 6.50% Unsecured Notes for the three and nine months ended September 30, 2017:

<b>6.50% Unsecured Notes (\$ in thousands)</b>	<b>Three Months Ended September 30, 2017</b>	<b>Nine Months Ended September 30, 2017</b>
Stated interest expense	\$ 1,046.0	\$ 1,964.2
Amortization of deferred issuance costs	81.8	152.0
<b>Total interest expense</b>	<b>\$ 1,127.8</b>	<b>\$ 2,116.2</b>
Effective annualized average interest rate	6.95%	6.98%
Cash paid for interest	\$ 1,046.0	\$ 1,952.6

The 6.50% Unsecured Notes are TICC's general, unsecured obligations and rank equal in right of payment with all of TICC's existing and future senior, unsecured indebtedness and senior in right of payment to any of its subordinated indebtedness. As a result, the 6.50% Unsecured Notes will be effectively subordinated to TICC's existing and future secured indebtedness to the extent of the value of the assets securing such indebtedness and structurally subordinated to any existing and future liabilities and other indebtedness of its subsidiary.

**Convertible Notes**

On September 26, 2012, the Company issued \$105.0 million aggregate principal amount of senior unsecured notes due November 2017, and an additional \$10.0 million aggregate principal amount of the Convertible Notes was issued on October 22, 2012 pursuant to the exercise of the initial purchasers' option to purchase additional Convertible Notes. On December 2, 2016 and December 16, 2016, the Company repurchased \$12.0 million and approximately \$8.5 million of the Convertible Notes, respectively. At September 30, 2017, approximately \$94.5 million aggregate principal amount of the Convertible Notes remained outstanding. The Convertible Notes bear interest at a rate of 7.50% per year, payable semi-annually in arrears on May 1 and November 1 of each year. The Convertible Notes are convertible into shares of TICC's common stock based on an initial conversion rate of 87.2448 shares of its common stock per \$1,000 principal amount of Convertible Notes, which is equivalent to an initial conversion price of approximately \$11.46 per share of common stock. The conversion price for the Convertible Notes will be reduced for quarterly cash distributions paid to common shares to the extent that the quarterly distribution exceeds \$0.29 per share, subject to adjustment. TICC does not have the right to redeem the Convertible Notes prior to maturity. The aggregate accrued interest payable on the Convertible Notes as of September 30, 2017 was approximately \$3.0 million. Deferred debt issuance costs represent fees and other direct incremental costs incurred in connection with the Convertible Notes. As of September 30, 2017, the Company had unamortized deferred debt issuance costs of approximately \$45,000 relating to these notes. This amount is being amortized and is included in Interest expense in the Consolidated Statements of Operations over the term of the Convertible Notes.

NOTE 8. RELATED PARTY TRANSACTIONS

TICC pays TICC Management a fee for its services under the Investment Advisory Agreement consisting of two components — a base management fee (the “Base Fee”) and an incentive fee. The cost of both the Base Fee payable to TICC Management and any incentive fees earned by TICC Management are ultimately borne by TICC’s common stockholders.

*Base Management Fee*

Through March 31, 2016, the Base Fee was calculated at an annual rate of 2.00%. Effective April 1, 2016, the Base Fee is calculated at an annual rate of 1.50%. The Base Fee is payable quarterly in arrears, and is calculated based on the average value of TICC’s gross assets at the end of the two most recently completed calendar quarters, and appropriately adjusted for any equity or debt capital raises, repurchases or redemptions during the current calendar quarter (however, no Base Fee will be payable on the cash proceeds received by the Company in connection with any share or debt issuances until such proceeds have been invested in accordance with TICC’s investment objective). Accordingly, the Base Fee will be payable regardless of whether the value of the Company’s gross assets has decreased during the quarter. The Base Fee for any partial quarter will be appropriately prorated.

The following table represents the Base Fee for the three and nine months ended September 30, 2017 and 2016, respectively:

	Three Months Ended September 30, 2017	Three Months Ended September 30, 2016	Nine Months Ended September 30, 2017	Nine Months Ended September 30, 2016
Base management fee	\$ 2,004,391	\$ 2,630,334	\$ 6,456,566	\$ 8,747,819

The Base management fee payable to TICC Management as of September 30, 2017 and December 31, 2016 was \$2,004,391 and \$2,544,576, respectively.

TICC CAPITAL CORP.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
SEPTEMBER 30, 2017  
(unaudited)

NOTE 8. RELATED PARTY TRANSACTIONS (continued)

*Incentive Fee*

The incentive fee has two parts: the “Net Investment Income Incentive Fee” and the “Capital Gains Incentive Fee”. The Net Investment Income Incentive fee is calculated and payable quarterly in arrears based on the amount by which (x) the “Pre-Incentive Fee Net Investment Income” for the immediately preceding calendar quarter exceeds (y) the “Preferred Return Amount” for the current calendar quarter. For this purpose, “Pre-Incentive Fee Net Investment Income” means interest income, dividend income and any other income (including any accrued income that we have not yet received in cash and any other fees such as commitment, origination, structuring, diligence and consulting fees or other fees that we receive from portfolio companies) accrued during the calendar quarter, minus TICC’s operating expenses accrued during the calendar quarter (including the Base Fee, expenses payable under a separate agreement with BDC Partners (the “Administration Agreement”), and any interest expense and dividends paid on any issued and outstanding preferred stock, but excluding the incentive fee). “Pre-Incentive Fee Net Investment Income” includes, in the case of investments with a deferred interest feature (such as OID, debt instruments with PIK interest and zero coupon securities), accrued income that the Company has not yet received in cash. TICC Management is not under any obligation to reimburse TICC for any part of the incentive fee it received that was based on accrued income that it never received as a result of a default by an entity on the obligation that resulted in the accrual of such income. “Pre-Incentive Fee Net Investment Income” does not include any realized gains, realized losses, unrealized appreciation or depreciation on investments, or gain/loss on extinguishment of debt. Given that this portion of the incentive fee is payable without regard to any gain, loss or unrealized depreciation on investments or gain/loss on extinguishment of debt that may occur during the quarter, this portion of TICC Management’s incentive fee may also be payable notwithstanding a decline in net asset value that quarter.

Effective April 1, 2016, a “Preferred Return Amount” is calculated on a quarterly basis by multiplying 1.75% by the Company’s net asset value at the end of the immediately preceding calendar quarter. The Net Investment Income Incentive fee is then calculated as follows: (a) no Net Investment Income Incentive Fee is payable to TICC Management in any calendar quarter in which the “Pre-Incentive Fee Net Investment Income” does not exceed the “Preferred Return Amount”; (b) 100% of the “Pre-Incentive Fee Net Investment Income” for such quarter, if any, that exceeds the “Preferred Return Amount” but is less than or equal to a “Catch-Up Amount” determined on a quarterly basis by multiplying 2.1875% by TICC’s net asset value at the end of such calendar quarter; and (c) for any quarter in which the “Pre-Incentive Fee Net Investment Income” exceeds the “Catch-Up Amount,” the Net Investment Income Incentive fee will be 20% of the amount of the “Pre-Incentive Fee Net Investment Income” for such quarter. There is no accumulation of amounts from quarter to quarter for the “Preferred Return Amount,” and accordingly there is no claw back of amounts previously paid to TICC Management if the “Pre-Incentive Fee Net Investment Income” for subsequent quarters is below the quarterly “Preferred Return Amount,” and there is no delay of payment of incentive fees to TICC Management if the “Pre-Incentive Fee Net Investment Income” for prior quarters is below the quarterly “Preferred Return Amount” for the quarter for which the calculation is being made.

In addition, effective April 1, 2016, the calculation of the Company’s Net Investment Income Incentive Fee is subject to a total return requirement, which provides that a Net Investment Income Incentive Fee will not be payable to TICC Management except to the extent 20% of the “cumulative net increase in net assets resulting from operations” (which is the amount, if positive, of the sum of the “Pre-Incentive Fee Net Investment Income,” realized gains and losses and unrealized appreciation and depreciation on investments) during the calendar quarter for which such fees are being calculated and the eleven (11) preceding quarters (or if shorter, the number of quarters since April 1, 2016) exceeds the cumulative Net Investment Income Incentive Fees accrued and/or paid for such eleven (11) preceding quarters (or if shorter, the number of quarters since April 1, 2016). Under the revised fee structure, under no circumstances will the aggregate fees earned from April 1, 2016 by TICC Management in any quarterly period be higher than the aggregate fees that would have been earned prior to the adoption of these changes.

From January 1, 2005 through March 31, 2016, the “Pre-Incentive Fee Net Investment Income,” which was expressed as a rate of return on the value of our net assets at the end of the immediately preceding calendar quarter, was compared to one-fourth of an annual hurdle rate that was determined as of the immediately preceding December 31<sup>st</sup> by adding 5.00% to

**TICC CAPITAL CORP.**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2017**  
**(unaudited)**

**NOTE 8. RELATED PARTY TRANSACTIONS (continued)**

the interest rate then payable on the most recently issued five-year U.S. Treasury Notes, up to a maximum annual hurdle rate of 10.00%. The annual hurdle rate used to calculate the “Pre-Incentive Fee Net Investment Income” for the quarters ended September 30, 2017 and September 30, 2016 was 6.93% and 6.76%, respectively.

The following table represents the Net Investment Income Incentive fees for each of the quarters ended September 30, 2017 and 2016, respectively:

	<b>Three Months Ended September 30, 2017</b>	<b>Three Months Ended September 30, 2016</b>	<b>Nine Months Ended September 30, 2017</b>	<b>Nine Months Ended September 30, 2016</b>
Net investment income incentive fee	\$ 564,370	\$ 422,828	\$ 2,827,991	\$ 1,666,594

The Net Investment Income Incentive Fee payable to TICC Management as of September 30, 2017 and December 31, 2016 was approximately \$567,103 and \$1,128,805, respectively.

The Capital Gains Incentive Fee is determined and payable in arrears as of the end of each calendar year (or upon termination of the Investment Advisory Agreement, as of the termination date), and equals 20% of the Company’s “Incentive Fee Capital Gains,” which consists of its realized capital gains for each calendar year, computed net of all realized capital losses and unrealized capital depreciation on investments for that calendar year. For accounting purposes only, in order to reflect the theoretical capital gains incentive fee that would be payable for a given period as if all unrealized gains on investments were realized, the Company will accrue a Capital Gains Incentive Fee based upon net realized gains on investments (excluding gains/losses on extinguishment of debt) and unrealized depreciation on investments for that calendar year (in accordance with the terms of the Investment Advisory Agreement), plus unrealized appreciation on investments held at the end of the period. It should be noted that a fee so calculated and accrued would not necessarily be payable under the Investment Advisory Agreement, and may never be paid based upon the computation of Capital Gains Incentive Fees in subsequent periods. Amounts paid under the Investment Advisory Agreement will be consistent with the formula reflected in the Investment Advisory Agreement.

The amount of Capital Gains Incentive Fee expense related to the hypothetical liquidation of the portfolio (and assuming no other changes in realized or unrealized gains and losses) would only become payable to TICC Management in the event of a complete liquidation of the Company’s portfolio as of period end and the termination of the Investment Advisory Agreement on such date. Also, it should be noted that the Capital Gains Incentive Fee expense fluctuates with the Company’s overall investment results.

There were no Capital Gains Incentive Fees incurred during the three and nine months ended September 30, 2017 and 2016. There were no accrued Capital Gains Incentive Fees payable to TICC Management as of September 30, 2017 and December 31, 2016.

***Administration Agreement***

The Company has also entered into the Administration Agreement with BDC Partners under which BDC Partners provides administrative services for TICC. The Company pays BDC Partners an allocable portion of overhead and other expenses incurred by BDC Partners in performing its obligations under the Administration Agreement, including a portion of the rent and the compensation of the Chief Financial Officer, accounting staff and other administrative support personnel, which creates potential conflicts of interest that the Board of Directors must monitor. The Company also reimburses BDC Partners for the costs associated with the functions performed by TICC’s Chief Compliance Officer that BDC Partners pays on the Company’s behalf pursuant to the terms of an agreement between the Company and Alaric Compliance Services, LLC.

**TICC CAPITAL CORP.**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2017**  
**(unaudited)**

**NOTE 8. RELATED PARTY TRANSACTIONS (continued)**

TICC Management is controlled by BDC Partners, its managing member. Charles M. Royce, a member of the Company's Board of Directors, holds a minority, non-controlling interest in TICC Management. BDC Partners manages the business and internal affairs of TICC Management. Jonathan H. Cohen, the Company's Chief Executive Officer, as well as a Director, is the managing member of BDC Partners. Saul B. Rosenthal, the Company's President and Chief Operating Officer, is also the President and Chief Operating Officer of TICC Management and a member of BDC Partners. Messrs. Cohen and Rosenthal have an equal equity interest in BDC Partners. Mr. Royce does not take part in the management or participate in the operations of TICC Management.

For the three months ended September 30, 2017 and 2016, TICC incurred approximately \$237,700 and \$189,200, respectively, in compensation expenses for the services of employees allocated to the administrative activities of TICC, pursuant to the Administration Agreement with BDC Partners; for the nine months ended September 30, 2017 and 2016, TICC incurred approximately \$676,000 and \$609,300, respectively. Further, TICC incurred approximately \$24,000 and \$27,700 for facility costs allocated under the Administration Agreement for the three months ended September 30, 2017 and 2016, respectively; for the nine months ended September 30, 2017 and 2016, TICC incurred \$57,000 and \$83,200, respectively. As of September 30, 2017 and December 31, 2016, aggregate amounts payable under the Administration Agreement were approximately \$66,000 and \$0, respectively.

***Co-Investment Exemptive Relief***

On June 14, 2017, the SEC issued an order permitting TICC and certain of its affiliates to complete negotiated co-investment transactions in portfolio companies, subject to certain conditions (the "Order"). Subject to satisfaction of certain conditions to the Order, TICC and certain of its affiliates are now permitted, together with any future BDCs, registered closed-end funds and certain private funds, each of whose investment adviser is TICC's investment adviser or an investment adviser controlling, controlled by, or under common control with TICC's investment adviser, to co-invest in negotiated investment opportunities where doing so would otherwise be prohibited under the 1940 Act, providing TICC's stockholders with access to a broader array of investment opportunities.

Pursuant to the Order, TICC is permitted to co-invest in such investment opportunities with its affiliates if a "required majority" (as defined in Section 57(o) of the 1940 Act) of its independent directors make certain conclusions in connection with a co-investment transaction, including, but not limited to, that (1) the terms of the potential co-investment transaction, including the consideration to be paid, are reasonable and fair to TICC and its stockholders and do not involve overreaching in respect of TICC or its stockholders on the part of any person concerned, and (2) the potential co-investment transaction is consistent with the interests of TICC's stockholders and is consistent with TICC's then-current investment objective and strategies.

**NOTE 9. DISTRIBUTIONS**

The Company intends to continue to operate so as to qualify to be taxed as a RIC under the Code and, as such, the Company would not be subject to federal income tax on the portion of its taxable income and gains distributed to stockholders. To qualify to be taxed as a RIC, the Company is required, among other requirements, to distribute at least 90% of its annual investment company taxable income, as defined by the Code. The amount to be paid out each quarter as a distribution is determined by the Board of Directors and is based upon the annual taxable income estimated by the management of the Company. Income calculated in accordance with U.S. federal income tax regulations differs substantially from GAAP income. To the extent that the Company's taxable earnings fall below the amount of distributions declared, however, a portion of the total amount of the Company's distributions for the fiscal year may be deemed a return of capital for tax purposes to the Company's stockholders.

The Company intends to comply with the applicable provisions of the Code pertaining to RICs to make distributions of taxable income sufficient to relieve it of substantially all federal income taxes. The Company, at its discretion, may carry forward taxable income in excess of calendar year distributions and pay a 4% excise tax on such income. The Company will accrue excise tax on estimated excess taxable income, if any, as required.

TICC CAPITAL CORP.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
 SEPTEMBER 30, 2017  
 (unaudited)

**NOTE 9. DISTRIBUTIONS (continued)**

The Company has adopted an “opt out” distribution reinvestment plan for our common stockholders. As a result, if we make a cash distribution, then stockholders’ cash distributions will be automatically reinvested in additional shares of our common stock, unless they specifically “opt out” of the distribution reinvestment plan so as to receive cash distributions. During the three and nine months ended September 30, 2017 and 2016, the Company did not issue any shares of common stock to stockholders in connection with the distribution reinvestment plan. During the three months ended September 30, 2017 and September 30, 2016, as part of our dividend reinvestment plan for our common stockholders, our dividend reinvestment administrator purchased 45,183 shares and 73,401 shares, respectively, of our common stock for \$0.3 million and \$0.4 million, respectively, in the open market to satisfy the reinvestment portion of our dividends. On September 29, 2017, the Company paid a distribution of \$0.20 per share.

On December 22, 2010, the Regulated Investment Company Modernization Act of 2010 (the “Act”) was enacted which changed various technical rules governing the tax treatment of RICs. The changes are generally effective for taxable years beginning after the date of enactment. Under the Act, the Company will be permitted to carry forward capital losses incurred in taxable years beginning after the date of enactment for an unlimited period. However, any losses incurred during those future taxable years will be required to be utilized prior to the losses incurred in pre-enactment taxable years, which carry an expiration date. As a result of this ordering rule, pre-enactment capital loss carryforwards may be more likely to expire unused. Additionally, post-enactment capital losses that are carried forward will retain their character as either short-term or long-term losses rather than being considered all short-term as under previous law.

**NOTE 10. NET ASSET VALUE PER SHARE**

The Company’s net asset value per share at September 30, 2017 was \$7.43, and at December 31, 2016 was \$7.50. In determining the Company’s net asset value per share, the Board of Directors determined in good faith the fair value of the Company’s portfolio investments for which reliable market quotations are not readily available.

**NOTE 11. INVESTMENT INCOME**

The following table sets forth the components of investment income for the three and nine months ended September 30, 2017 and 2016, respectively:

	<b>Three Months Ended September 30, 2017</b>	<b>Three Months Ended September 30, 2016</b>	<b>Nine Months Ended September 30, 2017</b>	<b>Nine Months Ended September 30, 2016</b>
<b>Interest income</b>				
Stated interest income	\$ 5,091,751	\$ 8,251,446	\$ 18,337,423	\$ 25,231,480

TICC CAPITAL CORP.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
 SEPTEMBER 30, 2017  
 (unaudited)

NOTE 11. INVESTMENT INCOME (continued)

The 1940 Act requires that a BDC offer significant managerial assistance to its portfolio companies. The Company may receive fee income for managerial assistance it renders to portfolio companies in connection with its investments. For the three and nine months ended September 30, 2017 and 2016, respectively, the Company received no fee income for managerial assistance.

NOTE 12. SHARE REPURCHASE PROGRAM

On November 5, 2015, the Board of Directors authorized a program for the purpose of repurchasing up to \$75 million worth of the Company's common stock. Under that repurchase program, the Company was authorized, but was not obligated, to repurchase outstanding common stock in the open market from time to time through September 30, 2016, provided that repurchases comply with the prohibitions under the Company's Insider Trading Policies and Procedures and the guidelines specified in Rule 10b-18 of the Securities Exchange Act of 1934, as amended, including certain price, market volume and timing constraints. Further, any repurchases were to be conducted in accordance with the 1940 Act. Additionally, the Company entered into a Rule 10b5-1 trading plan to undertake accretive share repurchasing on a non-discretionary basis of up to \$50 million until March 4, 2016. During the year ended December 31, 2016, under that repurchase program, the Company repurchased 4,917,026 shares of outstanding common stock for approximately \$25.6 million at the average weighted price of \$5.20 per share, inclusive of commission, while complying with the prohibitions under TICC's Insider Trading Policies and Procedures and the guidelines specified in Rule 10b-18 of the Securities Exchange Act of 1934, as amended, including certain price, market volume and timing constraints. In addition, repurchases were conducted in accordance with the 1940 Act. The Company did not repurchase shares of its common stock during the three and nine months ended September 30, 2017, as the program to repurchase up to \$75 million worth of the Company's common stock expired on June 30, 2016. The Company did not repurchase shares of its common stock during the three months ended September 30, 2016.

Period	Total Number of Shares Purchased	Average Price Paid Per Share	Total Number of Shares Purchased as Part of Publicly Announced Program	Maximum Number (or Approximate Dollar Value) of Shares that May Yet Be Purchased Under the Program
January 1, 2016 – January 31, 2016	2,155,303	5.48	2,155,303	39.5 million
February 1, 2016 – February 29, 2016	2,562,494	4.97	2,562,494	26.8 million
March 1, 2016 – March 31, 2016	199,229	5.17	199,229	25.8 million

 (unaudited)

NOTE 13. COMMITMENTS AND CONTINGENCIES

In the normal course of business, the Company enters into a variety of undertakings containing a variety of warranties and indemnifications that may expose the Company to some risk of loss. The risk of future loss arising from such undertakings, while not quantifiable, is expected to be remote.

As of September 30, 2017, the Company had commitments to purchase additional debt investments totaling approximately \$5.0 million.

The Company is not currently subject to any material legal proceedings. From time to time, the Company may be a party to certain legal proceedings in the ordinary course of business, including proceedings relating to the enforcement of the Company's rights under contracts with its portfolio companies. While the outcome of these legal proceedings, if any, cannot be predicted with certainty, the Company does not expect that these proceedings will have a material effect upon its consolidated results of operations and financial condition.

NOTE 14. FINANCIAL HIGHLIGHTS

Financial highlights for the three and nine months ended September 30, 2017 and 2016, respectively, are as follows:

	Three Months Ended September 30, 2017	Three Months Ended September 30, 2016	Nine Months Ended September 30, 2017	Nine Months Ended September 30, 2016
<b>Per Share Data</b>

Portfolio turnover rate <sup>(6)</sup>	6.52%	9.42%	32.3%	22.92%

(1) Represents per share net investment income for the period, based upon average shares outstanding.

(2) Net realized and unrealized capital gains include rounding adjustments to reconcile change in net asset value per share.

TICC CAPITAL CORP.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
 SEPTEMBER 30, 2017  
 (unaudited)

**NOTE 14. FINANCIAL HIGHLIGHTS (continued)**

- (3) Management monitors available taxable earnings, including net investment income and realized capital gains, to determine if a tax return of capital may occur for the year. To the extent the Company's taxable earnings fall below the total amount of the Company's distributions for that fiscal year, a portion of those distributions may be deemed a tax return of capital to the Company's stockholders. The ultimate tax character of the Company's earnings cannot be determined until tax returns are prepared after the end of the fiscal year.
- (4) Total return equals the increase or decrease of ending market value over beginning market value, plus distributions, divided by the beginning market value, assuming distribution reinvestment prices obtained under the Company's distribution reinvestment plan, excluding any discounts. Total return is not annualized.
- (5) Annualized.
- (6) Portfolio turnover rate is calculated using the lesser of year-to-date cash investment sales and debt repayments or year-to-date cash investment purchases over the average of total investments at fair value.

The following table provides supplemental performance ratios (annualized) measured for the three and nine months ended September 30, 2017 and 2016:

	Three Months Ended September 30, 2017	Three Months Ended September 30, 2016	Nine Months Ended September 30, 2017	Nine Months Ended September 30, 2016
Ratio of operating expenses to average net assets:				
Operating expenses before incentive fees	7.46%	12.70%	7.61%	12.57%
Net investment income incentive fees	0.59%	0.48%	0.98%	0.67%
Ratio of expenses, excluding interest expense	4.19%	8.16%	4.74%	7.95%

**NOTE 15. RECENT ACCOUNTING PRONOUNCEMENTS**

In August 2016, the FASB issued ASU 2016-15, *Classification of Certain Cash Receipts and Cash Payments (a Consensus of the Emerging Issues Task Force)* ("ASU 2016-15"), which is intended to reduce diversity in practice in how certain transactions are classified in the statement of cash flows. The Company is currently assessing the impact of ASU 2016-15 and does not anticipate a material impact on its consolidated financial statements. ASU 2016-15 is effective for annual reporting periods beginning after December 15, 2017, including interim periods within those fiscal years, with early adoption permitted. The Company is assessing the impact of ASU 2016-15.

In October 2016, the SEC adopted significant reforms under the 1940 Act that impose extensive new disclosure and reporting obligations on most 1940 Act funds (collectively, the "Reporting Rules"). The Reporting Rules expand the volume of information regarding fund portfolio holdings and investment practices that must be disclosed. The adopted amendments to Regulation S-X for 1940 Act funds and BDCs include an update to the disclosures for investments in and advances to affiliates, and the requirement to include in their financial statements a standardized schedule containing detailed information about derivative investments (among other changes). The amendments to Regulation S-X were effective August 1, 2017. The Company has adopted these amendments as of September 30, 2017 and the adoption has not had a material impact on its consolidated financial statements.

In November 2016, the FASB issued ASU 2016-18, *Statement of Cash Flows (Topic 230): Restricted Cash (a Consensus of the Emerging Issues Task Force)* ("ASU 2016-18"), which requires that the statement of cash flows explain the change during the period in the total of cash, cash equivalents, and amounts generally described as restricted cash or restricted cash equivalents. ASU 2016-18 is effective for annual reporting periods beginning after December 15, 2017, including interim periods within those fiscal years, with early adoption permitted. The Company is assessing the impact of ASU 2016-18 and

**TICC CAPITAL CORP.**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2017**  
**(unaudited)**

**NOTE 15. RECENT ACCOUNTING PRONOUNCEMENTS (continued)**

upon adoption of the standard, restricted cash will be included as part of beginning and ending cash and cash equivalents on the consolidated statement of cash flows.

In December 2016, the FASB issued ASU 2016-19, Technical Corrections and Improvements. As part of this guidance, ASU 2016-19 amends FASB ASC 820 to clarify the difference between a valuation approach and a valuation technique. The amendment also requires an entity to disclose when there has been a change in either or both a valuation approach and/or a valuation technique. ASU 2016-19 is effective on a prospective basis for financial statements issued for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2016 on a prospective basis. The Company has adopted ASU 2016-19 on its consolidated financial statements and disclosures and the adoption of ASU 2016-19 has not had a material impact on its consolidated financial statements.

In May 2014, the FASB issued ASU 2014-09, *Revenue from Contracts with Customers (Topic 606)*, which supersedes the revenue recognition requirements in *Revenue Recognition (Topic 605)*. Under the new guidance, an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. In May 2016, ASU 2016-12 amended ASU 2014-09 and deferred the effective period to December 15, 2017. Management has concluded that its revenues associated with financial instruments are scoped out of ASC 606. The adoption of the requirements is not expected to have a significant impact on the consolidated financial statements.

**NOTE 16. CONCENTRATION OF CREDIT RISK**

The Company places its cash in an overnight money market account and, at times, cash and cash equivalents may exceed the Federal Deposit Insurance Corporation insured limit. In addition, the Company's portfolio may be concentrated in a limited number of portfolio companies or sectors, which will subject the Company to a risk of significant loss if any of these companies defaults on its obligations under any of its debt securities that the Company holds or if those sectors experience a market downturn.

**NOTE 17. RISKS AND UNCERTAINTIES**

The United States capital markets have in the past experienced periods of extreme volatility and disruption. Disruptions in the capital markets tend to increase the spread between the yields realized on risk-free and higher risk securities, resulting in illiquidity in parts of the capital markets. The Company believes these conditions may reoccur in the future. A prolonged period of market illiquidity may have an adverse effect on the Company's business, financial condition and results of operations. Adverse economic conditions could also increase the Company's funding costs, limit the Company's access to the capital markets or result in a decision by lenders not to extend credit to the Company. These events could limit the Company's investment originations, limit the Company's ability to grow and negatively impact the Company's operating results.

Many of the companies in which the Company has made or will make investments may be susceptible to adverse economic conditions, which may affect the ability of a company to repay TICC's loans or engage in a liquidity event such as a sale, recapitalization, or initial public offering. Therefore, the Company's nonperforming assets may increase, and the value of the Company's portfolio may decrease during this period.

Adverse economic conditions also may decrease the value of any collateral securing some of the Company's loans and the value of its equity investments. Adverse economic conditions could lead to financial losses in the Company's portfolio and a decrease in its revenues, net income, and the value of the Company's assets.

A portfolio company's failure to satisfy financial or operating covenants imposed by the Company or other lenders could lead to defaults and, potentially, termination of the portfolio company's loans and foreclosure on its secured assets, which could trigger cross-defaults under other agreements and jeopardize the portfolio company's ability to meet its obligations

**TICC CAPITAL CORP.**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2017**  
**(unaudited)**

**NOTE 17. RISKS AND UNCERTAINTIES (continued)**

under the debt securities that the Company holds. The Company may incur expenses to the extent necessary to seek recovery upon default or to negotiate new terms with a defaulting portfolio company. In addition, if a portfolio company goes bankrupt, even though the Company may have structured its investment as senior debt or secured debt, depending on the facts and circumstances, including the extent to which the Company actually provided significant managerial assistance, if any, to that portfolio company, a bankruptcy court might re-characterize the Company's debt holding and subordinate all or a portion of the Company's claim to that of other creditors. These events could harm the Company's financial condition and operating results.

As a BDC, the Company is required to carry its investments at market value or, if no market value is ascertainable, at fair value as determined in good faith by or under the direction of its Board of Directors. Decreases in the market values or fair values of the Company's investments are recorded as unrealized depreciation. Depending on market conditions, the Company could incur substantial losses in future periods, which could have a material adverse impact on its business, financial condition and results of operations.

**NOTE 18. SUBSEQUENT EVENTS**

On October 27, 2017, the Board of Directors declared a distribution of \$0.20 per share for the fourth quarter, payable on December 29, 2017 to shareholders of record as of December 15, 2017.

On November 1, 2017, the Convertible Notes matured and were repaid in full (approximately \$94.5 million) in accordance with their terms.

## ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

### CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q contains forward-looking statements that involve substantial risks and uncertainties. These forward-looking statements are not historical facts, but rather are based on current expectations, estimates and projections about TICC Capital Corp., our current and prospective portfolio investments, our industry, our beliefs, and our assumptions. Words such as “anticipates,” “expects,” “intends,” “plans,” “will,” “may,” “continue,” “believes,” “seeks,” “estimates,” “would,” “could,” “should,” “targets,” “projects,” and variations of these words and similar expressions are intended to identify forward-looking statements. The forward-looking statements contained in this Quarterly Report on Form 10-Q involve risks and uncertainties, including statements as to:

- our future operating results;
- our business prospects and the prospects of our portfolio companies;
- the impact of investments that we expect to make;
- our contractual arrangements and relationships with third parties;
- the dependence of our future success on the general economy and its impact on the industries in which we invest;
- the ability of our portfolio companies to achieve their objectives;
- our expected financings and investments;
- the adequacy of our cash resources and working capital; and
- the timing of cash flows, if any, from the operations of our portfolio companies.
- our regulatory structure and tax treatment, including our ability to operate as a business development company (“BDC”), and to continue to qualify to be taxed as a regulated investment company (“RIC”);
- the ability of our investment adviser to locate suitable investments for us and to monitor and effectively administer our investments.

These statements are not guarantees of future performance and are subject to risks, uncertainties, and other factors, some of which are beyond our control and difficult to predict and could cause actual results to differ materially from those expressed or forecasted in the forward-looking statements, including without limitation:

- an economic downturn could impair our portfolio companies’ ability to continue to operate, which could lead to the loss of some or all of our investments in such portfolio companies;
- a contraction of available credit and/or an inability to access the equity markets could impair our lending and investment activities;
- interest rate volatility could adversely affect our results, particularly because we use leverage as part of our investment strategy;
- currency fluctuations could adversely affect the results of our investments in foreign companies, particularly to the extent that we receive payments denominated in foreign currency rather than U.S. dollars; and
- the risks, uncertainties and other factors we identify in *Item 1A. — Risk Factors* contained in our Annual Report on Form 10-K for the year ended December 31, 2016, elsewhere in this Quarterly Report on Form 10-Q and in our other filings with the SEC.

Although we believe that the assumptions on which these forward-looking statements are based are reasonable, any of those assumptions could prove to be inaccurate, and as a result, the forward-looking statements based on those assumptions also could be inaccurate. Important assumptions include our ability to originate new loans and investments, certain margins and levels of profitability and the availability of additional capital. In light of these and other uncertainties, the inclusion of a projection or forward-looking statement in this Quarterly Report on Form 10-Q should not be regarded as a representation by us that our plans and objectives will be achieved. These risks and uncertainties include those described or identified in *Item 1A. — Risk Factors* contained in our Annual Report on Form 10-K for the year ended December 31, 2016, and elsewhere in this Quarterly Report on Form 10-Q. You should not place undue reliance on these forward-looking statements, which apply only as of the date of this Quarterly Report on Form 10-Q.

*Except where the context requires otherwise, the terms “TICC,” “Company,” “we,” “us” and “our” refer to TICC Capital Corp. together with its subsidiary, TICC CLO 2012-1 LLC (“2012 Securitization Issuer” or “TICC CLO 2012-1”); “TICC Management” refers to TICC Management, LLC; and “BDC Partners” refers to BDC Partners, LLC.*

The following analysis of our financial condition and results of operations should be read in conjunction with our financial statements and the related notes thereto contained elsewhere in this Quarterly Report on Form 10-Q.

## OVERVIEW

Our investment objective is to maximize our portfolio's total return. Our primary current focus is to seek an attractive risk-adjusted total return by investing primarily in corporate debt securities and in collateralized loan obligation ("CLO") structured finance investments that own corporate debt securities. CLO investments may also include warehouse facilities, which are financing structures intended to aggregate loans that may be used to form the basis of a CLO vehicle. We operate as a closed-end, non-diversified management investment company and have elected to be regulated as a business development company ("BDC") under the Investment Company Act of 1940, as amended (the "1940 Act"). We have elected to be treated for tax purposes as a regulated investment company ("RIC"), under the Internal Revenue Code of 1986, as amended (the "Code"), beginning with our 2003 taxable year.

Our investment activities are managed by TICC Management, LLC ("TICC Management"), a registered investment adviser under the Investment Advisers Act of 1940, as amended. TICC Management is owned by BDC Partners, LLC ("BDC Partners"), its managing member and a related party, and Charles M. Royce, a member of our Board of Directors who holds a minority, non-controlling interest in TICC Management. Jonathan H. Cohen, our Chief Executive Officer, and Saul B. Rosenthal, our President and Chief Operating Officer, are the controlling members of BDC Partners. Under an investment advisory agreement (the "Investment Advisory Agreement"), we have agreed to pay TICC Management an annual base fee calculated on gross assets, and an incentive fee based upon our performance. Under an amended and restated administration agreement (the "Administration Agreement"), we have agreed to pay or reimburse BDC Partners, as administrator, for certain expenses incurred in operating TICC. Our executive officers and directors, and the executive officers of TICC Management and BDC Partners, serve or may serve as officers and directors of entities that operate in a line of business similar to our own. Accordingly, they may have obligations to investors in those entities, the fulfillment of which might not be in the best interests of us or our stockholders.

We generally expect to invest between \$5 million and \$50 million in each of our portfolio companies, although this investment size may vary proportionately as the size of our capital base changes and market conditions warrant, and accrue interest at fixed or variable rates. We expect that our investment portfolio will be diversified among a large number of investments with few investments, if any, exceeding 5.0% of the total portfolio. As of September 30, 2017, our debt investments had stated interest rates of between 4.75% and 15.00% and maturity dates of between 15 and 112 months. In addition, our total portfolio had a weighted average annualized yield on debt investments of approximately 9.5%.

The weighted average yield and the weighted average annualized yield of our debt investments is not the same as a return on investment for our stockholders but, rather, relates to a portion of our investment portfolio and is calculated before the payment of all of our fees and expenses. The weighted average yield was computed using the effective interest rates as of September 30, 2017, including accretion of original issue discount ("OID"). There can be no assurance that the weighted average yield will remain at its current level.

We have historically borrowed funds to make investments and may continue to borrow funds to make investments. As a result, we are exposed to the risks of leverage, which may be considered a speculative investment technique. Borrowings, also known as leverage, magnify the potential for gain and loss on amounts invested and therefore increase the risks associated with investing in our securities. In addition, the costs associated with our borrowings, including any increase in the management fee payable to TICC Management, will be borne by our common stockholders.

In addition, as a BDC, we are required to make available significant managerial assistance, for which we may receive fees, to our portfolio companies. These fees would be generally non-recurring, however in some instances they may have a recurring component. We have received no fee income for managerial assistance to date.

Prior to making an investment, we may enter into a non-binding term sheet with the potential portfolio company. These term sheets are generally subject to a number of conditions, including but not limited to the satisfactory completion of our due diligence investigations of the company's business and legal documentation for the loan.

To the extent possible, we will generally seek to invest in loans that are collateralized by a security interest in the borrower's assets or guaranteed by a principal to the transaction. Interest payments, if not deferred, are normally payable quarterly with most debt investments having scheduled principal payments on a monthly or quarterly basis. When we receive a warrant to purchase stock in a portfolio company, the warrant will typically have a nominal strike price, and will entitle us to purchase a modest percentage of the borrower's stock.

## CRITICAL ACCOUNTING POLICIES

The preparation of consolidated financial statements and related disclosures in conformity with generally accepted accounting principles in the United States (“GAAP”) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and revenues and expenses during the periods reported. Actual results could materially differ from those estimates. We have identified investment valuation and investment income as critical accounting policies.

### Investment Valuation

We fair value our investment portfolio in accordance with the provisions of ASC 820, *Fair Value Measurement and Disclosure*. Estimates made in the preparation of our consolidated financial statements include the valuation of investments and the related amounts of unrealized appreciation and depreciation of investments recorded. We believe that there is no single definitive method for determining fair value in good faith. As a result, determining fair value requires that judgment be applied to the specific facts and circumstances of each portfolio investment while employing a consistently applied valuation process for the types of investments we make.

ASC 820-10 clarified the definition of fair value and requires companies to expand their disclosure about the use of fair value to measure assets and liabilities in interim and annual periods subsequent to initial recognition. ASC 820-10 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820-10 also establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include: Level 1, defined as observable inputs such as quoted prices in active markets; Level 2, which includes inputs such as quoted prices for similar securities in active markets and quoted prices for identical securities in markets that are not active; and Level 3, defined as unobservable inputs for which little or no market data exists, therefore requiring an entity to develop its own assumptions. We consider the attributes of current market conditions on an ongoing basis and have determined that due to the general illiquidity of the market for our investment portfolio, whereby little or no market data exists, all of our investments are based upon “Level 3” inputs as of September 30, 2017.

Our Board of Directors determines the value of our investment portfolio each quarter. In connection with that determination, members of TICC Management’s portfolio management team prepare a quarterly analysis of each portfolio investment using the most recent portfolio company financial statements, forecasts and other relevant financial and operational information. Since March 2004, we have engaged third-party valuation firms to provide assistance in valuing certain of its syndicated loans and bilateral investments, including related equity investments, although our Board of Directors ultimately determines the appropriate valuation of each such investment. Changes in fair value, as described above, are recorded in the statement of operations as net change in unrealized appreciation/(depreciation).

### Syndicated Loans

In accordance with ASC 820-10, our valuation procedures specifically provide for the review of indicative quotes supplied by the large agent banks that make a market for each security. However, the marketplace from which we obtain indicative bid quotes for purposes of determining the fair value of its syndicated loan investments has shown attributes of illiquidity as described by ASC-820-10. During such periods of illiquidity, when we believe that the non-binding indicative bids received from agent banks for certain syndicated investments that it owns may not be determinative of their fair value or when no market indicative quote is available, we may engage third-party valuation firms to provide assistance in valuing certain syndicated investments that we own. In addition, TICC Management prepares an analysis of each syndicated loan, financial summary, covenant compliance review, recent trading activity in the security, if known, and other business developments related to the portfolio company. All available information, including non-binding indicative bids which may not be determinative of fair value, is presented to the Valuation Committee to consider in its determination of fair value. In some instances, there may be limited trading activity in a security even though the market for the security is considered not active. In such cases the Valuation Committee will consider the number of trades, the size and timing of each trade, and other circumstances around such trades, to the extent such information is available, in its determination of fair value. The Valuation Committee will evaluate the impact of such additional information, and factor it into its consideration of the fair value that is indicated by the analysis provided by third-party valuation firms, if any.

## ***Collateralized Loan Obligations — Debt and Equity***

We have acquired a number of debt and equity positions in CLO investment vehicles and CLO warehouse investments. These investments are special purpose financing vehicles. In valuing such investments, we consider the indicative prices provided by a recognized industry pricing service as a primary source, and the implied yield of such prices, supplemented by actual trades executed in the market at or around period-end, as well as the indicative prices provided by the broker who arranges transactions in such investment vehicles. We also consider those instances in which the record date for an equity distribution payment falls on the last day of the period, and the likelihood that a prospective purchaser would require a downward adjustment to the indicative price representing substantially all of the pending distribution. Additional factors include any available information on other relevant transactions including firm bids and offers in the market and information resulting from bids-wanted-in-competition. In addition, we consider the operating metrics of the specific investment vehicle, including compliance with collateralization tests, defaulted and restructured securities, and payment defaults, if any. TICC Management or the Valuation Committee may request an additional analysis by a third-party firm to assist in the valuation process of CLO investment vehicles. All information is presented to our Board of Directors for its determination of fair value of these investments.

### ***Bilateral Investments (Including Equity)***

Bilateral investments for which market quotations are readily available are valued by an independent pricing agent or market maker. If such market quotations are not readily available, under the valuation procedures approved by our Board of Directors, upon the recommendation of the Valuation Committee, a third-party valuation firm will prepare valuations for each of our bilateral investments that, when combined with all other investments in the same portfolio company, (i) have a value as of the previous quarter of greater than or equal to 2.5% of its total assets as of the previous quarter, and (ii) have a value as of the current quarter of greater than or equal to 2.5% of its total assets as of the previous quarter, after taking into account any repayment of principal during the current quarter. In addition, in those instances where a third-party valuation is prepared for a portfolio investment which meets the parameters noted in (i) and (ii) above, the frequency of those third-party valuations is based upon the grade assigned to each such security under its credit grading system as follows: Grade 1, at least annually; Grade 2, at least semi-annually; Grades 3, 4, and 5, at least quarterly. Bilateral investments which do not meet the parameters in (i) and (ii) above are not required to have a third-party valuation and, in those instances, a valuation analysis will be prepared by TICC Management. TICC Management also retains the authority to seek, on our behalf, additional third party valuations with respect to our bilateral portfolio securities, our syndicated loan investments, and CLO investment vehicles. Our Board of Directors retain ultimate authority as to the third-party review cycle as well as the appropriate valuation of each investment.

Refer to “Note 4. Fair Value” in our consolidated financial statements for more information on investment valuation and our portfolio of investments.

## **Investment Income**

### ***Interest Income***

Interest income is recorded on an accrual basis using the contractual rate applicable to each debt investment and includes the accretion of market discounts and/or OID and amortization of market premiums. Discounts from and premiums to par value on securities purchased are accreted/amortized into interest income over the life of the respective security using the effective yield method. The amortized cost of investments represents the original cost adjusted for the accretion of discounts and amortization of premiums, if any.

Generally, when interest and/or principal payments on a loan become past due, or if we otherwise do not expect the borrower to be able to service its debt and other obligations, we will place the loan on non-accrual status and will generally cease recognizing interest income on that loan for financial reporting purposes until all principal and interest have been brought current through payment or due to restructuring such that the interest income is deemed to be collectible. We generally restore non-accrual loans to accrual status when past due principal and interest is paid and, in our judgment, is likely to remain current. As of September 30, 2017 and December 31, 2016, we had no investments on non-accrual status.

Interest income also includes a payment-in-kind (“PIK”) provision on certain investments in our portfolio. See the section below, “Payment-In-Kind,” for a description of the PIK provision and its impact on interest income.

### ***Payment-In-Kind***

We have investments in our portfolio which contain a contractual PIK provision. Certain PIK investments offer issuers the option at each payment date of making payments in cash or additional securities. PIK interest computed at the contractual rate is accrued into income and added to the principal balance on the capitalization date. Upon capitalization, PIK investments are subject to the fair value estimates associated with their respective related investments. A PIK investment on non-accrual status is restored to accrual status once it becomes probable that PIK will be realized. To qualify for tax treatment as a RIC, this income must be paid out to stockholders in the form of distributions, even though we have not collected any cash. Amounts necessary to pay these distributions may come from available cash or the liquidation of certain investments.

### ***Income from Securitization Vehicles and Equity Investments***

Income from investments in the equity class securities of CLO vehicles (typically income notes or subordinated notes) is recorded using the effective interest method in accordance with the provisions of ASC 325-40, based upon an effective yield to the expected redemption utilizing estimated cash flows, including those CLO equity investments that have not made their inaugural distribution for the relevant period end. We monitor the expected residual payments, and effective yield is determined and updated periodically, as needed. Accordingly, investment income recognized on CLO equity securities in the GAAP statement of operations differs from both the tax-basis investment income and from the cash distributions actually received by us during the period.

### ***Commitment, Amendment Fee Income and Other Income***

Commitment, amendment fee income and other income includes prepayment, amendment, and other fees earned by our loan investments, distributions from fee letters and success fees associated with portfolio investments. Distributions from fee letters are an enhancement to the return on a CLO equity investment and are based upon a percentage of the collateral manager's fees, and are recorded as other income when earned. We may also earn success fees associated with our investments in certain securitization vehicles or "CLO warehouse facilities," which are contingent upon a repayment of the warehouse by a permanent CLO securitization structure; such fees are earned and recognized when the repayment is completed.

### ***Recently Issued Accounting Standards***

Refer to "Note 15. Recent Accounting Pronouncements" in our consolidated financial statements for a description of recent accounting pronouncements, including the impact on our consolidated financial statements.

## PORTFOLIO COMPOSITION AND INVESTMENT ACTIVITY

The total fair value of our investment portfolio was approximately \$421.7 million and \$589.9 million as of September 30, 2017 and December 31, 2016, respectively. The decrease in the value of investments during the nine month period ended September 30, 2017 was due primarily to debt repayments and sales of securities totaling approximately \$313.1 million and realized losses of approximately \$6.0 million, partially offset by purchases of investments of approximately \$168.1 million and net unrealized appreciation on our investment portfolio of approximately \$13.2 million (which incorporates reductions to CLO equity cost value of \$31.3 million). Refer to the table below, which reconciles the investment portfolio for the nine months ended September 30, 2017 and the year ended December 31, 2016.

During the quarter ended September 30, 2017, we closed approximately \$31.2 million in portfolio investments, including additional investments of approximately \$12.1 million in existing portfolio companies and approximately \$19.1 million in new portfolio companies. For the year ended December 31, 2016, we closed approximately \$171.6 million in portfolio investments, including additional investments of approximately \$71.3 million in existing portfolio companies and approximately \$100.3 million in new portfolio companies.

In certain instances, we receive payments based on scheduled amortization of the outstanding balances and sales of portfolio investments. In addition, we receive repayments of some of our debt investments prior to their scheduled maturity date. The frequency or volume of these repayments may fluctuate significantly from period to period.

For the quarter ended September 30, 2017, we recorded sales of securities of approximately \$12.5 million and for the year ended December 31, 2016, we recorded sales of securities of approximately \$176.8 million. Also, during the quarter ended September 30, 2017, we had repayments and amortization of principal payments of approximately \$50.3 million and for the year ended December 31, 2016, we had repayments and amortization of principal payments of approximately \$115.1 million.

As of September 30, 2017, we had investments in debt securities of, or loans to, 21 portfolio companies, with a fair value of approximately \$236.4 million, and equity investments of approximately \$185.3 million. These debt investments included approximately \$0.2 million in capitalized PIK interest, which, as described in “— Overview” above, is added to the carrying value of our investments, reduced by repayments of principal.

As of December 31, 2016, we had investments in debt securities of, or loans to, 30 portfolio companies, with a fair value of approximately \$376.4 million, and equity investments of approximately \$213.5 million. These debt investments included approximately \$0.3 million in capitalized PIK interest.

A reconciliation of the investment portfolio for the nine months ended September 30, 2017 and the year ended December 31, 2016 follows:

(\$ in millions)	September 30, 2017	December 31, 2016
Beginning investment portfolio	\$ 589.9	\$ 656.7
Portfolio investments acquired	168.1	171.6
Debt repayments	(159.0)	(115.1)
Sales of securities	(154.1)	(176.8)
Reductions to CLO equity cost value <sup>(1)</sup>	(31.3)	(34.2)
Payment in kind <sup>(2)</sup>	0.1	0.3
Accretion of discounts on investments	0.8	1.1
Net unrealized appreciation	13.2	100.6
Net realized losses	(6.0)	(14.3)
Ending investment portfolio	<u>\$ 421.7</u>	<u>\$ 589.9</u>

(1) For the nine months ended September 30, 2017, reduction to cost value on our CLO equity investments represents the difference between distributions received, or entitled to be received for the nine months ended September 30, 2017, of approximately \$57.4 million and the effective yield interest income of approximately \$26.1 million. For the year ended December 31, 2016, reduction to cost value on our CLO equity investments represents the difference between distributions received, or entitled to be received for the year ended December 31, 2016, of approximately \$66.7 million and the effective yield interest income of approximately \$32.5 million.

(2) Includes rounding adjustment to reconcile ending investment portfolio at September 30, 2017 and December 31, 2016.

The following table indicates the quarterly portfolio investment activity for the past seven quarters:

(\$ in millions)	New Investments	Debt Repayments	Reductions to CLO Equity Cost <sup>(1)</sup>	Sales of Securities
Quarter ended				
September 30, 2017	\$ 31.2	\$ 50.3	\$ 3.2	\$ 12.5
June 30, 2017	89.3	57.1	16.1	60.4
March 31, 2017	47.6	51.6	12.1	81.2
Total <sup>(2)</sup>	<u>\$ 168.1</u>	<u>\$ 159.0</u>	<u>\$ 31.3</u>	<u>\$ 154.1</u>
December 31, 2016	\$ 27.0	\$ 1.9	\$ 3.9	\$ 51.6
September 31, 2016	58.4	50.5	9.4	74.7
June 30, 2016	73.4	60.0	9.5	36.0
March 31, 2016	12.8	2.7	11.4	14.5
Total <sup>(2)</sup>	<u>\$ 171.6</u>	<u>\$ 115.1</u>	<u>\$ 34.2</u>	<u>\$ 176.8</u>

(1) Represents reductions to CLO equity cost value (representing distributions received, or entitled to be received, in excess of interest income).

(2) Totals may not sum due to rounding

The following table shows the fair value of our portfolio of investments by asset class as of September 30, 2017 and December 31, 2016:

(\$ in millions)	September 30, 2017		December 31, 2016	
	Investments at Fair Value <sup>(1)</sup>	Percentage of Total Portfolio <sup>(1)</sup>	Investments at Fair Value	Percentage of Total Portfolio
Senior Secured Notes	\$ 231.1	54.7%	\$ 373.0	63.2%
Subordinated Debt	0.8	0.2%	0.7	0.1%
CLO Debt	4.5	1.1%	2.7	0.5%
CLO Equity	173.6	41.2%	200.8	34.0%
Equity and Other Investments	11.8	2.8%	12.7	2.2%
Total <sup>(1)</sup>	<u>\$ 421.7</u>	<u>100.0%</u>	<u>\$ 589.9</u>	<u>100.0%</u>

(1) Total may not sum due to rounding.

Qualifying assets must represent at least 70% of the Company's total assets at the time of acquisition of any additional non-qualifying assets. As of September 30, 2017, we held qualifying assets that represented 67.3% of our total assets.

The following table shows our portfolio of investments by industry at fair value, as of September 30, 2017 and December 31, 2016:

	September 30, 2017		December 31, 2016	
	Investments at Fair Value	Percentage of Fair Value	Investments at Fair Value	Percentage of Fair Value
	(\$ in millions)		(\$ in millions)	
Structured finance <sup>(1)</sup>	\$ 178.0	42.1%	\$ 203.5	34.5%
Telecommunication services	57.3	13.6%	96.7	16.4%
Business services	52.9	12.5%	80.3	13.6%
Software	24.7	5.9%	18.7	3.2%
Consumer services	18.8	4.5%	16.9	2.9%
IT consulting	15.2	3.6%	11.6	2.0%
Diversified insurance	15.2	3.6%	15.1	2.5%
Financial intermediaries	13.5	3.2%	47.0	8.0%
Healthcare	12.9	3.1%	—	0.0%
Printing and publishing	12.8	3.0%	62.9	10.7%
Logistics	10.5	2.5%	10.6	1.8%
Aerospace and defense	5.4	1.3%	5.5	0.9%
Education	4.5	1.1%	4.3	0.7%
Travel	—	—	8.9	1.5%
Computer hardware	—	—	7.9	1.3%
<b>Total</b>	<b>\$ 421.7</b>	<b>100.0%</b>	<b>\$ 589.9</b>	<b>100.0%</b>

(1) Reflects our debt and equity investments in CLOs as of September 30, 2017 and December 31, 2016, respectively.

## PORTFOLIO GRADING

We have adopted a credit grading system to monitor the quality of our debt investment portfolio. As of September 30, 2017 and December 31, 2016, our portfolio had a weighted average grade of 2.2 and 2.2, respectively, based upon the fair value of the debt investments in the portfolio. Equity securities and investments in CLOs are not graded.

As of September 30, 2017 and December 31, 2016, our debt investment portfolio was graded as follows:

Grade	Summary Description	September 30, 2017			
		Principal Value	Percentage of Total Portfolio	Portfolio at Fair Value <sup>(1)</sup>	Percentage of Total Portfolio
		(\$ in millions)		(\$ in millions)	
1	Company is ahead of expectations and/or outperforming financial covenant requirements of the specific tranche and such trend is expected to continue.	\$ —	—	\$ —	—
2	Full repayment of the outstanding amount of TICC's cost basis and interest is expected for the specific tranche.	193.9	79.3%	190.7	80.7%
3	Closer monitoring is required. Full repayment of the outstanding amount of TICC's cost basis and interest is expected for the specific tranche	50.5	20.7%	45.6	19.3%
4	A loss of interest income has occurred or is expected to occur and in most cases, the investment is placed on non-accrual status. Full repayment of the outstanding amount of TICC's cost basis is expected for the specific tranche.	—	—	—	—
5	Full repayment of the outstanding amount of TICC's cost basis is not expected for the				

specific tranche and the investment is placed on non-accrual status.

	—	—	—	—	
\$	244.4	100.0	\$	236.4	100.0
		%			%

-----  
(1) Totals may not sum due to rounding.

**December 31, 2016**

<b>Grade</b>	<b>Summary Description</b>	<b>Principal Value</b>	<b>Percentage of Total Portfolio</b>	<b>Portfolio at Fair Value</b>	<b>Percentage of Total Portfolio</b>
		(\$ in millions)		(\$ in millions)	
1	Company is ahead of expectations and/or outperforming financial covenant requirements of the specific tranche and such trend is expected to continue.	\$ —	—	\$ —	—
2	Full repayment of the outstanding amount of TICC's cost basis and interest is expected, for the specific tranche.	309.7	78.3%	301.9	80.2%
3	Closer monitoring is required. Full repayment of the outstanding amount of TICC's cost basis and interest is expected for the specific tranche.	85.8	21.7%	74.5	19.8%
4	A loss of interest income has occurred or is expected to occur and, in most cases, the investment is placed on non-accrual status. Full repayment of the outstanding amount of TICC's cost basis is expected for the specific tranche.	—	—	—	—
5	Full repayment of the outstanding amount of TICC's cost basis is not expected for the specific tranche and the investment is placed on non-accrual status.	—	—	—	—
		<u>\$ 395.5</u>	<u>100.0%</u>	<u>\$ 376.4</u>	<u>100.0%</u>

We expect that a portion of our investments will be in the grades 3, 4 or 5 categories from time to time, and, as such, we will be required to work with troubled portfolio companies to improve their business and protect our investment. The number and amount of investments included in grades 3, 4 or 5 may fluctuate from period to period. Refer to our consolidated financial statements for more information on our investment portfolio.

## RESULTS OF OPERATIONS

Set forth below is a comparison of our results of operations for the three and nine months ended September 30, 2017 to the three and nine months ended September 30, 2016.

### Investment Income

Investment income for the three months ended September 30, 2017 and September 30, 2016 was approximately \$14.5 million and \$18.1 million, respectively. Investment income for the nine months ended September 30, 2017 and September 30, 2016, was approximately \$48.0 million and \$50.4 million, respectively. The following tables set forth the components of investment income for the three and nine months ended September 30, 2017 and September 30, 2016:

	Three Months Ended September 30, 2017	Three Months Ended September 30, 2016	Nine Months Ended September 30, 2017	Nine Months Ended September 30, 2016
<b>Interest income</b>				
Stated interest income	\$ 5,091,751	\$ 8,251,446	\$ 18,337,423	\$ 25,231,480
Original issue discount and market discount income	244,751	344,332	827,746	801,621
Payment-in-kind income	59,446	55,898	173,347	163,922
Discount income derived from unscheduled remittances at par	8,460	3,154	37,737	20,574
Total interest income	<u>\$ 5,404,408</u>	<u>\$ 8,654,830</u>	<u>\$ 19,376,253</u>	<u>\$ 26,217,597</u>
<b>Income from securitization vehicles</b>	<u>\$ 8,086,059</u>	<u>\$ 8,635,834</u>	<u>\$ 26,081,676</u>	<u>\$ 22,538,250</u>

<b>Total investment income</b>	<u>\$ 14,497,697</u>	<u>\$ 18,095,792</u>	<u>\$ 47,975,330</u>	<u>\$ 50,410,801</u>

Total investment income for the three months ended September 30, 2017 reflected a decrease of approximately \$3.6 million. That decrease was comprised of lower interest income of approximately \$3.3 million which was largely attributable to a smaller corporate loan portfolio due to loan sale activity. Income from securitization vehicles reflected a decrease of approximately \$0.5 million which was partially offset by an increase in commitment, amendment and other fee income of \$0.2 million.

Total investment income for the nine months ended September 30, 2017 reflected a decrease of approximately \$2.4 million. That decrease was comprised of lower interest income of approximately \$6.8 million which was largely attributable to a smaller corporate loan portfolio due to loan sale activity. Total principal outstanding on income producing debt investments as of September 30, 2017 and September 30, 2016 were approximately \$244.4 million and \$416.6 million, respectively. The decrease in interest income was partially offset by an increase in income from securitization vehicles of approximately \$3.5 million due largely to an increased weighted average effective yield on our CLO equity portfolio.

As of September 30, 2017, our debt investments had stated interest rates of between 4.75% and 15.00% and maturity dates between 15 and 112 months compared to stated interest rates of 4.75% to 15.00% and maturity dates between 24 and 104 months as of September 30, 2016. In addition, our total debt portfolio had a weighted average yield on debt investments of approximately 9.5% as of September 30, 2017, compared to approximately 8.0% as of September 30, 2016. The increase in the weighted average yield on our debt portfolio over the past twelve months is primarily due to our ongoing strategy of rotating the corporate loan portfolio into higher-yielding, less liquid loans.

## Operating Expenses

Total operating expenses for the three months ended September 30, 2017 and September 30, 2016 were approximately \$7.7 million and \$11.6 million, respectively. Total operating expenses for the nine months ended September 30, 2017 and September 30, 2016 were approximately \$24.9 million and \$33.0 million, respectively. The decreases during those periods were largely attributable to lower professional fees, base management fees, and general and administrative expenses.

Expenses before net investment income incentive fees for the three months ended September 30, 2017 and September 30, 2016 were approximately \$7.2 million and \$11.1 million, respectively. Operating expenses before incentive fees for the nine months ended September 30, 2017 and September 30, 2016 were approximately \$22.0 million and \$31.4 million, respectively. The decreases during those periods were largely attributable to lower professional fees, base management fees, and general and administrative expenses.

The investment advisory base management fee for the three months ended September 30, 2017 and September 30, 2016 was approximately \$2.0 million and \$2.6 million, respectively. The investment advisory base management fee for the nine months ended September 30, 2017 and September 30, 2016 was approximately \$6.5 million and \$8.7 million, respectively. Those decreases were due largely to the previously announced fee reduction from 2.00% to 1.50% of gross assets (refer to “Incentive Fees,” below, for discussion of ongoing fee waivers), as well as a decline in the weighted average gross assets due to the sale of certain assets to fund the voluntary partial repayment of the TICC CLO 2012-1 LLC class A-1 notes and partial repurchase of outstanding shares of Convertible Notes (refer to the discussion in the Liquidity and Capital Resources section below). At September 30, 2017 and December 31, 2016, approximately \$2.0 million and \$2.5 million, respectively, of investment advisory base management fees remained payable to TICC Management.

Interest expenses for the three months ended September 30, 2017 and September 30, 2016 were approximately \$3.7 million and \$4.4 million, respectively. The decrease in interest expense is due primarily to lower weighted average debt outstanding over the three month period. Interest expenses for the nine months ended September 30, 2017 and September 30, 2016 were approximately \$11.1 million and \$13.2 million, respectively. The decrease over the nine month period was primarily driven by the lower weighted average debt outstanding due to the previously stated note repayment and repurchases. The aggregate accrued interest which remained payable at September 30, 2017 and December 31, 2016 was approximately \$3.0 million and \$1.7 million, respectively.

Professional fees, consisting of legal, financial advisory, valuation, audit and tax fees, were approximately \$0.7 million and \$2.2 million for the three months ended September 30, 2017 and September 30, 2016, respectively. Professional fees were approximately \$2.1 million and \$5.4 million for the nine months ended September 30, 2017 and September 30, 2016, respectively. Those decreases in professional fees are primarily attributable to the discontinuation of services related to the engagement of legal and financial advisors.

Compensation expenses for the three months ended September 30, 2017 and September 30, 2016 were approximately \$0.2 million, reflecting the allocation of compensation expenses for the services of our chief financial officer, accounting personnel, and other administrative support staff. Compensation expenses for the nine months ended September 30, 2017 and September 30, 2016 were \$0.7 million and \$0.6 million, respectively. At September 30, 2017 and December 31, 2016, respectively, approximately \$66,000 and \$0 of compensation expense remained payable.

General and administrative expenses, consisting primarily of directors’ fees, insurance, listing fees, transfer agent and custodian fees, office supplies, facilities costs and other expenses, were approximately \$0.5 million and \$1.7 million for the three and nine months ended September 30, 2017, compared to approximately \$1.7 million and \$3.4 million for the three and nine months ended September 30, 2016. Office supplies, facilities costs and other expenses are allocated to the Company under the terms of the Administration Agreement.

### *Incentive Fees*

The net investment income incentive fee recorded for the three and nine months ended September 30, 2017 was approximately \$0.6 million and \$2.8 million, respectively, compared to approximately \$0.4 million and \$1.7 million for both the three and nine months ended September 30, 2016.

The net investment income incentive fee is calculated and payable quarterly in arrears based on the amount by which (x) the “Pre-Incentive Fee Net Investment Income” for the immediately preceding calendar quarter exceeds (y) the “Preferred Return Amount” for calendar quarter (see “Note 8. Related Party Transactions” in the notes to our consolidated financial statements). For this purpose, “Pre-Incentive Fee Net Investment Income” means interest income, dividend income and any other income accrued during the calendar quarter minus our operating expenses for the quarter (including the base fee, expenses payable under the Administration Agreement with BDC Partners, and any interest expense and dividends paid on any issued and outstanding preferred stock, but excluding the incentive fee).

The capital gains incentive fee expense, as reported under GAAP, is calculated on the basis of net realized and unrealized gains and losses at the end of each period. The expense related to the hypothetical liquidation of the portfolio (and assuming no other changes in realized or unrealized gains and losses) would only become payable to TICC Management in the event of a complete liquidation of our portfolio as of period end and the termination of the Investment Advisory Agreement on such date. For the three and nine months ended September 30, 2017 and September 30, 2016, no accrual was required as a result of the impact of accumulated net unrealized depreciation and net realized losses on our portfolio.

The actual amount of the capital gains incentive fee which will be payable is determined in accordance with the terms of the Investment Advisory Agreement and is calculated as of the end of each calendar year (or upon termination of the Investment Advisory Agreement). The terms of the Investment Advisory Agreement state that the capital gains incentive fee calculation is based on net realized gains, if any, offset by gross unrealized depreciation for the calendar year. No effect is given to gross unrealized appreciation in this calculation. For the three and nine months ended September 30, 2017 and September 30, 2016, such an accrual was not required under the terms of the Investment Advisory Agreement.

### Realized and Unrealized Gains/Losses on Investments

For the three months ended September 30, 2017, we recognized net realized losses on investments of approximately \$1.1 million. For the nine months ended September 30, 2017, we recognized net realized losses on investments of approximately \$6.0 million, which primarily reflects the losses from the sale of CLO equity investments, partially offset by the gains realized from the sale and repayment of certain senior secured notes.

Based upon the fair value determinations made in good faith by the Board of Directors, for the three months ended September 30, 2017, our net change in unrealized appreciation/(depreciation) was approximately \$2.6 million, primarily due to improvements in the corporate loan market, composed of \$7.8 million in gross unrealized appreciation, \$6.9 million in gross unrealized depreciation and approximately \$1.7 million relating to the reversal of prior period net unrealized depreciation as investment gains and losses were realized. The net change in unrealized appreciation includes net unrealized appreciation of approximately \$3.2 million as a result of reductions to the cost value of our CLO equity investments under the effective yield accounting methodology, whereby the cost value of the respective investments are reduced by the excess of actual cash received (and record date distributions to be received) over the calculated income using the effective yield.

The most significant components of the net change in unrealized appreciation and depreciation during the three months ended September 30, 2017 were as follows (in millions):

Portfolio Company	Change in Unrealized Appreciation/ (Depreciation)
Birch Communications, Inc.	3.0
Ares XXIX CLO Ltd.	\$ 2.3
Net all other <sup>(1)</sup>	(2.7)
Total	<u>\$ 2.6</u>

(1) Unrealized gains and losses of less than \$1.0 million have been combined.

Based upon the fair value determinations made in good faith by the Board of Directors, during the nine months ended September 30, 2017, we had net change in unrealized appreciation/(depreciation) of \$13.2 million, composed of \$10.4 million in gross unrealized appreciation, \$12.0 million in gross unrealized depreciation and approximately \$14.8 million relating to the reversal of prior period net unrealized depreciation as investment gains and losses were realized. The net change in unrealized appreciation

includes net unrealized appreciation of approximately \$31.3 million as a result of reductions to the cost value of our CLO equity investments under the effective yield accounting methodology, whereby the cost value of the respective investments are reduced by the excess of actual cash received (and record date distributions to be received) over the calculated income using the effective yield.

The most significant components of the net change in unrealized appreciation and depreciation during the nine months ended September 30, 2017 were as follows (in millions):

<b>Portfolio Company</b>	<b>Change in Unrealized Appreciation/ (Depreciation)</b>
Source Hov, LLC	\$ 6.2
Mountain Hawk III CLO, Ltd.	3.6

Electric Lightwave Holdings, Inc. (F/K/A “Integra Telecom Holdings, Inc.”)	(2.4)
Net all other <sup>(1)</sup>	(3.7)
<b>Total</b>	<b>\$ 13.2</b>

(1) Unrealized gains and losses of less than \$1.0 million have been combined.

#### **Realized loss on extinguishment of debt**

On August 25, 2016, November 25, 2016, February 27, 2017, and May 25, 2017, the 2012 Securitization Issuer repaid approximately \$36.0 million, approximately \$74.7 million, approximately \$24.5 million, and approximately \$31.4 million of the Class A-1 notes, respectively. On August 25, 2017, the 2012 Securitization Issuer repaid in full the remaining secured notes (Classes A-1, B-1, C-1 and D-1) outstanding of approximately \$73.4 million.

In connection with the August 25, 2016 repayment of approximately \$36.0 million of the Class A-1 notes, the Company incurred debt extinguishment costs of approximately \$648,000, which consisted of approximately \$287,000 in accelerated note discount expense and approximately \$361,000 in accelerated deferred debt issuance costs. In connection with the November 25, 2016 repayment of approximately \$74.7 million of the Class A-1 notes, the Company incurred debt extinguishment costs of approximately \$1,296,000, which consisted of approximately \$574,000 in accelerated note discount expense and approximately \$722,000 in accelerated deferred debt issuance costs. In connection with the February 27, 2017 repayment of approximately \$24.5 million of the Class A-1 notes, the Company incurred debt extinguishment costs of approximately \$409,000, which consisted of approximately \$181,000 in accelerated note discount expense and approximately \$228,000 in accelerated deferred debt issuance costs. In connection with the May 25, 2017 repayment of approximately \$31.4 million of the Class A-1 notes, the Company incurred debt extinguishment costs of approximately \$505,000, which consisted of approximately \$224,000 in accelerated note discount expense and approximately \$281,000 in accelerated deferred debt issuance costs. In connection with the August 25, 2017 repayment of approximately \$73.4 million of the Class A-1, B-1, C-1 and D-1 notes, the Company incurred debt extinguishment costs of approximately \$2.2 million, which consisted of approximately \$1.6 million in accelerated note discount expense and approximately \$0.6 million in accelerated deferred debt issuance costs. The debt extinguishment costs in connection with the August 25, 2016, November 25, 2016, February 27, 2017, May 25, 2017 and August 25, 2017 are recorded within Realized Loss on Extinguishment of Debt in the Consolidated Statement of Operations.

## **Net Increase in Net Assets Resulting from Net Investment Income**

Net investment income for the three and nine months ended September 30, 2017 was approximately \$6.8 million and \$23.1 million, respectively, as compared with the three and nine months ended September 30, 2016 of approximately \$6.5 million and \$17.4 million, respectively. The net increases for both the three and nine month periods were primarily the result of higher income from securitization vehicles and lower total expenses, partially offset by lower interest income on debt investments.

For the three and nine months ended September 30, 2017, the net increase in net assets resulting from net investment income per common share was \$0.13 (basic and diluted) and \$0.45 (basic and diluted), respectively, based on 51,479,409 weighted average common shares outstanding as of September 30, 2017, compared to the net increase in net assets resulting from net investment income per share of \$0.13 (basic and diluted) and \$0.33 (basic and diluted) for the three and nine months ended September 30, 2016, respectively, based on 51,479,409 and 51,985,537 weighted average common shares outstanding for the three and nine months ended September 30, 2016, respectively. Due to the anti-dilutive effect on the computation of diluted earnings per share for the three and nine months ended September 30, 2017 and September 30, 2016, the adjustments for interest on Convertible Notes, base management fees, deferred issuance costs and net investment income incentive fees as well as adjustments for dilutive effect of Convertible Notes were excluded from the respective period's diluted earnings per share computation.

For the three and nine months ended September 30, 2017, the net increase in the net assets resulting from core net investment income per common share was \$0.13 (basic and diluted) and \$0.53 (basic and diluted), based on 51,479,409 weighted average common shares as of September 30, 2017, compared to \$0.31 (basic and diluted) and \$0.92 (basic and diluted) for the three and nine months ended September 30, 2016, based on 51,479,409 and 51,985,537 weighted average common shares for the three and nine months ended September 30, 2016, respectively.

Please see “— Supplemental Information Regarding Core Net Investment Income” below for more information.

## **Net Increase in Net Assets Resulting from Operations**

Net increase in net assets resulting from operations for the three and nine months ended September 30, 2017 was approximately \$6.0 million and \$27.2 million, respectively, compared with a net increase in net assets resulting from operations of approximately \$42.9 million and \$74.1 million for the three and nine months ended September 30, 2016, respectively. This decrease was largely due to lower net unrealized appreciation on investments of \$39.8 million and \$57.3 million, respectively.

For the three and nine months ended September 30, 2017, respectively, the net increase in net assets resulting from operations per common share was \$0.12 (basic and diluted) and \$0.53 (basic and diluted), compared to a net increase in net assets resulting from operations per share of approximately \$0.83 (basic) and \$0.72 (diluted) for the three months ended September 30, 2016 and a net increase in net assets resulting from operations per share of approximately \$1.42 (basic) and \$1.28 (diluted) for the nine months ended September 30, 2016. Due to the anti-dilutive effect on the computation of diluted earnings per share for the three months ended September 30, 2017, the adjustments for interest on Convertible Notes, base management fee, deferred issuance costs and net investment income incentive fees as well as adjustments for dilutive effect of Convertible Notes were excluded from the respective period's diluted earnings per share computation.

## **Supplemental Information Regarding Core Net Investment Income**

On a supplemental basis, we provide information relating to 1) core net investment income and 2) the ratio of core net investment income to net assets, which are non-GAAP measures. These measures are provided in addition to, but not as a substitute for, net investment income. Our non-GAAP measures may differ from similar measures by other companies, even if similar terms are used to identify such measures. Core net investment income represents net investment income adjusted for additional cash distributions received, or entitled to be received (if any, in either case), on our CLO equity investments (excluding those cash distributions believed to represent a return of capital) and also excludes any capital gains incentive fees we recognize but have no obligation to pay in any period. The Company did not recognize any capital gains incentive fees for the quarter ended September 30, 2017.

Income from investments in the “equity” class securities of CLO vehicles, for GAAP purposes, is recorded using the effective interest method based upon an effective yield to the expected redemption utilizing estimated cash flows, compared to the cost resulting in an effective yield for the investment; the difference between the actual cash received or distributions entitled to be received and the effective yield calculation is an adjustment to cost. Accordingly, investment income recognized on CLO equity securities in the GAAP statement of operations differs from the cash distributions actually received by us during the period (referred to below as “CLO equity additional distributions”).

Further, in order to continue to qualify to be taxed as a RIC, we are required, among other things, to distribute at least 90% of our investment company taxable income annually. Therefore, core net investment income may provide a better indication of estimated taxable income for a reporting period than does GAAP net investment income, although we can offer no assurance that will be the case as the ultimate tax character of our earnings cannot be determined until tax returns are prepared after the end of a fiscal year. We note that these non-GAAP measures may not be useful indicators of taxable earnings, particularly during periods of market disruption and volatility.

The following tables provide a reconciliation of net investment income to core net investment income for the three and nine months ended September 30, 2017 and 2016, respectively:

	<b>Three Months Ended September 30, 2017</b>		<b>Three Months Ended September 30, 2016</b>	
	<b>Amount</b>	<b>Per Share Amounts</b>	<b>Amount</b>	<b>Per Share Amounts</b>
	Net investment income	\$ 6,767,753	\$ 0.131	\$ 6,539,020
CLO equity additional distributions	47,456	0.001	9,359,695	0.182
Core net investment income	<u>\$ 6,815,209</u>	<u>\$ 0.132</u>	<u>\$ 15,898,715</u>	<u>\$ 0.309</u>

	<b>Nine Months Ended September 30, 2017</b>		<b>Nine Months Ended September 30, 2016</b>	
	<b>Amount</b>	<b>Per Share Amounts</b>	<b>Amount</b>	<b>Per Share Amounts</b>
	Net investment income	\$ 23,097,902	\$ 0.449	\$ 17,382,340
CLO equity additional distributions	4,333,407	0.084	30,289,507	0.583
Core net investment income	<u>\$ 27,431,309</u>	<u>\$ 0.533</u>	<u>\$ 47,671,847</u>	<u>\$ 0.917</u>

In addition, the following ratio is presented to supplement the financial highlights included in “Note 14. Financial Highlights” in the notes to our consolidated financial statements:

	<b>Three Months Ended September 30, 2017</b>	<b>Three Months Ended September 30, 2016</b>	<b>Nine Months Ended September 30, 2017</b>	<b>Nine Months Ended September 30, 2016</b>
Ratio of core net investment income to average net assets	<u>7.09%</u>	<u>18.14%</u>	<u>9.48%</u>	<u>19.11%</u>

The following table provides a reconciliation of the ratio of net investment income to average net assets to the ratio of core net investment income to average net assets for the three and nine months ended September 30, 2017 and 2016, respectively:

	<b>Three Months Ended September 30, 2017</b>	<b>Three Months Ended September 30, 2016</b>	<b>Nine Months Ended September 30, 2017</b>	<b>Nine Months Ended September 30, 2016</b>
Ratio of net investment income to average net assets	7.04%	7.46%	7.98%	6.97%
Ratio of CLO equity additional estimated taxable income to average net assets	0.05%	10.68%	1.50%	12.14%
Ratio of core net investment income to average net assets	<u>7.09%</u>	<u>18.14%</u>	<u>9.48%</u>	<u>19.11%</u>

## LIQUIDITY AND CAPITAL RESOURCES

As of September 30, 2017, cash and cash equivalents were approximately \$119.6 million as compared to approximately \$8.3 million at December 31, 2016. For the nine months ended September 30, 2017, net cash provided by operating activities for the period, consisting primarily of the items described in “— Results of Operations,” was approximately \$202.4 million, largely reflecting proceeds from principal repayments and reductions to debt cost and sales of investments of approximately \$310.2 million and reductions to CLO equity cost value of approximately \$31.3 million, partially offset by purchases of new investments of approximately \$163.0 million and net change in unrealized appreciation/(depreciation) of \$13.2 million. For the nine months ended September 30, 2017, net cash provided by investing activities of approximately \$3.5 million reflects the change in restricted cash in the 2012 Securitization Issuer. For the nine months ended September 30, 2017, net cash used in financing activities was approximately \$94.5 million, reflecting the distribution of dividends and repayment of TICC CLO 2012-1 LLC notes and partially offset by the proceeds from the issuance of the 6.50% Unsecured Notes.

From time to time, we may seek to retire, repurchase, or exchange debt securities in open market purchases or by other means dependent on market conditions, liquidity, contractual obligations, and other matters.

On April 12, 2017, we completed an underwritten public offering of approximately \$64.4 million in principal amount of 6.50% unsecured notes due 2024 and intend to use the net proceeds from this offering to repay or repurchase a portion of the outstanding indebtedness under the 7.50% convertible notes due 2017, which currently amounts to approximately \$94.5 million plus accrued interest as of September 30, 2017.

### Contractual Obligations

A summary of our significant contractual payment obligations as of September 30, 2017 is as follows:

Contractual obligations	Total	Payments Due by Period			
		Less than 1 year	1 – 3 years	3 – 5 years	More than 5 years
Long-term debt obligations:					
Convertible Notes <sup>(1)</sup>	\$ 94,542,000	\$ 94,542,000	\$ —	\$ —	\$ —
6.50% Unsecured Notes	64,370,225	—	—	—	64,370,225
<b>Total</b>	<b>\$ 158,912,225</b>	<b>\$ 94,542,000</b>	<b>\$ —</b>	<b>\$ —</b>	<b>\$ 64,370,225</b>

(1) On November 1, 2017, the Convertible Notes matured and were repaid in full in accordance with their terms.

See also “Note 6. Borrowings” in the notes to our consolidated financial statements.

### Off-Balance Sheet Arrangements

As of September 30, 2017, we had no off-balance sheet arrangements, including any risk management of commodity pricing or other hedging practices.

### Borrowings

In accordance with the 1940 Act, with certain limited exceptions, we are only allowed to borrow amounts such that our asset coverage, as defined in the 1940 Act, is at least 200% immediately after such borrowing. As of September 30, 2017, our asset coverage for borrowed amounts was 504.2%.

The weighted average stated interest rate and weighted average maturity on all of our debt outstanding as of September 30, 2017 were 7.09% and 2.7 years, respectively, and as of December 31, 2016 were 5.56% and 4.2 years, respectively.

## TICC CLO 2012-1 LLC

On August 23, 2012, we completed a \$160 million debt securitization financing transaction, consisting of \$120 million in secured notes and \$40 million of the 2012 subordinated notes. On February 25, 2013 and May 28, 2013, TICC CLO 2012-1 issued additional secured notes totaling an aggregate of \$120 million and 2012 subordinated notes totaling an aggregate of \$40 million, which 2012 subordinated notes were purchased by us under the “accordion” feature of the debt securitization which allowed, under certain circumstances and subject to the satisfaction of certain conditions, for an increase in the amount of secured and subordinated notes. It is not necessary that we own all or any of the notes permitted by this feature, which may affect the accounting treatment of the debt securitization financing transaction. On August 25, 2016, November 25, 2016, February 27, 2017, and May 25, 2017, we repaid approximately \$36.0 million, approximately \$74.7 million, approximately \$24.5 million, and approximately \$31.4 million of the Class A-1 notes, respectively. On August 25, 2017, the 2012 Securitization Issuer repaid, in full, the remaining secured notes (Classes A-1, B-1, C-1 and D-1) outstanding of approximately \$73.4 million.

In connection with the February 27, 2017 repayment of approximately \$24.5 million of the Class A-1 notes, the Company incurred debt extinguishment costs of approximately \$409,000, which consisted of approximately \$181,000 in accelerated note discount expense and approximately \$228,000 in accelerated deferred debt issuance costs.

In connection with the May 25, 2017 repayment of approximately \$31.4 million of the Class A-1 notes, we incurred debt extinguishment costs of approximately \$505,000, which consisted of approximately \$224,000 in accelerated note discount expense and approximately \$281,000 in accelerated deferred debt issuance costs.

In connection with the August 25, 2017 repayment of approximately \$73.4 million of the Class A-1, B-1, C-1 and D-1 notes, the Company incurred debt extinguishment costs of approximately \$2.2 million, which consisted of approximately \$1.6 million in accelerated note discount expense and approximately \$0.6 million in accelerated deferred debt issuance costs.

The accelerated note discount expense and accelerated deferred debt issuance costs are recorded within Realized Loss on Extinguishment of Debt in the Consolidated Statement of Operations.

The following table sets forth the components of interest expense, effective annualized average interest rates, and cash paid for interest of the Class A-1, B-1, C-1 and D-1 for the three and nine months ended September 30, 2017 and 2016, respectively:

<b>TICC CLO 2012-1 LLC (\$ in thousands)</b>	<b>Three Months Ended September 30, 2017</b>	<b>Three Months Ended September 30, 2016</b>	<b>Nine Months Ended September 30, 2017</b>	<b>Nine Months Ended September 30, 2016</b>
Stated interest expense	\$ 616.7	\$ 1,904.9	\$ 3,041.9	\$ 5,683.0
Amortization of deferred issuance costs	16.1	81.6	91.7	253.0
Note discount expense	40.0	108.4	187.2	330.6
Total interest expense	<u>\$ 672.8</u>	<u>\$ 2,094.9</u>	<u>\$ 3,320.8</u>	<u>\$ 6,266.6</u>
Effective annualized average interest rate	5.98%	3.70%	5.33%	3.56%
Cash paid for interest	\$ 1,031.6	\$ 1,960.0	\$ 3,591.2	\$ 5,652.4

Effective January 1, 2017 and through February 27, 2017, the interest charged under the securitization was based on three-month LIBOR, which was 0.930%. Effective February 28, 2017 and through May 25, 2017, the interest charged under the securitization was based on three-month LIBOR, which was approximately 1.052%. Effective May 26, 2017 and through August 25, 2017, the interest charged under the securitization was based on three-month LIBOR, which was approximately 1.189%.

Effective January 1, 2016 and through February 24, 2016, the interest charged under the securitization was based on three-month LIBOR, which was 0.393%. Effective February 25, 2016 and through May 25, 2016, the interest charged under the securitization was based on three-month LIBOR, which was approximately 0.629%. Effective May 26, 2016 and through August 25, 2016, the interest charged under the securitization was based on three-month LIBOR, which was approximately 0.662%. Effective August 26, 2016 and through September 30, 2016, the interest charged under the securitization was based on three-month LIBOR, which was approximately 0.825%.

The classes, interest rates, spread over LIBOR, cash paid for interest and stated interest expense of each of the Class A-1, B-1, C-1 and D-1 for the three and nine months ended September 30, 2017, respectively, are as follows:

TICC CLO 2012-1 LLC (\$ in thousands)	Stated Interest Rate	LIBOR Spread (basis points)	Three Months Ended September 30, 2017		Nine Months Ended September 30, 2017	
			Cash Paid for Interest	Stated Interest Expense	Cash Paid for Interest	Stated Interest Expense
Class A-1 Notes	2.93867%	175	\$ 70.5	\$ 42.1	\$ 803.6	\$ 623.8
Class B-1 Notes	4.68867%	350	239.6	143.3	691.0	600.0
Class C-1 Notes	5.93867%	475	349.1	208.7	1,012.7	878.4
Class D-1 Notes	6.93867%	575	372.4	222.6	1,083.9	939.7
Total <sup>(1)</sup>			<u>\$ 1,031.6</u>	<u>\$ 616.7</u>	<u>\$ 3,591.2</u>	<u>\$ 3,041.9</u>

(1) Totals may not sum due to rounding.

The classes, interest rates, spread over LIBOR, cash paid for interest and stated interest expense of each of the Class A-1, B-1, C-1 and D-1 for the three and nine months ended September 30, 2016, respectively, are as follows:

TICC CLO 2012-1 LLC (\$ in thousands)	Stated Interest Rate	LIBOR Spread (basis points)	Three Months Ended September 30, 2016		Nine Months Ended September 30, 2016	
			Cash Paid for Interest	Stated Interest Expense	Cash Paid for Interest	Stated Interest Expense
Class A-1 Notes	2.57544%	175	\$ 1,085.0	\$ 1,019.2	\$ 3,095.8	\$ 3,089.1
Class B-1 Notes	4.32544%	350	212.7	216.1	618.2	629.2
Class C-1 Notes	5.57544%	475	318.1	322.0	929.8	943.2
Class D-1 Notes	6.57544%	575	344.1	347.6	1,008.7	1,021.6
Total <sup>(1)</sup>			<u>\$ 1,960.0</u>	<u>\$ 1,904.9</u>	<u>\$ 5,652.4</u>	<u>\$ 5,683.2</u>

(1) Totals may not sum due to rounding.

TICC serves as collateral manager to the 2012 Securitization Issuer under a collateral management agreement. TICC is entitled to a deferred fee for its services as collateral manager. The deferred fee is eliminated in consolidation.

### 6.50% Unsecured Notes

On April 12, 2017, we completed an underwritten public offering of approximately \$64.4 million in aggregate principal amount of 6.50% unsecured notes due 2024. The 6.50% Unsecured Notes will mature on March 30, 2024, and may be redeemed in whole or in part at any time or from time to time at our option on or after March 30, 2020. The 6.50% Unsecured Notes will bear interest at a rate of 6.50% per year payable quarterly on March 30, June 30, September 30, and December 30 of each year, commencing June 30, 2017.

The aggregate accrued interest payable on the 6.50% Unsecured Notes at September 30, 2017 was approximately \$11,600. Deferred debt issuance costs represent fees and other direct incremental costs incurred in connection with the 6.50% Unsecured Notes. As of September 30, 2017, we had a deferred debt issuance balance of approximately \$2.1 million. This amount is being amortized and is included in interest expense in the consolidated statements of operations over the term of the 6.50% Unsecured Notes.

The following table sets forth the components of interest expense, effective annualized average interest rates and cash paid for interest of the 6.50% Unsecured Notes for the three and nine months ended September 30, 2017:

<b>6.50% Unsecured Notes (\$ in thousands)</b>	<b>Three Months</b>	<b>Nine Months</b>
	<b>Ended September 30, 2017</b>	<b>Ended September 30, 2017</b>
Stated interest expense	\$ 1,046.0	\$ 1,964.2
Amortization of deferred issuance costs	81.8	152.0
<b>Total interest expense</b>	<b>\$ 1,127.8</b>	<b>\$ 2,116.2</b>
Effective annualized average interest rate	6.95%	6.98%
Cash paid for interest	\$ 1,046.0	\$ 1,952.6

The 6.50% Unsecured Notes are TICC's general, unsecured obligations and rank equal in right of payment with all of TICC's existing and future senior, unsecured indebtedness and senior in right of payment to any of its subordinated indebtedness. As a result, the 6.50% Unsecured Notes will be effectively subordinated to TICC's existing and future secured indebtedness to the extent of the value of the assets securing such indebtedness and structurally subordinated to any existing and future liabilities and other indebtedness of its subsidiary.

### Convertible Notes

On September 26, 2012, we issued \$105.0 million aggregate principal amount of the Convertible Notes, and an additional \$10.0 million aggregate principal amount of the Convertible Notes was issued on October 22, 2012 pursuant to the exercise of the initial purchasers' option to purchase additional Convertible Notes. On December 2, 2016 and December 16, 2016, we repurchased \$12.0 million and approximately \$8.5 million of the Convertible Notes, respectively. At September 30, 2017, approximately \$94.5 million aggregate principal amount of the Convertible Notes remained outstanding. The Convertible Notes bear interest at a rate of 7.50% per year, payable semi-annually in arrears on May 1 and November 1 of each year, commencing on May 1, 2013. The Convertible Notes are convertible into shares of our common stock based on an initial conversion rate of 87.2448 shares of its common stock per \$1,000 principal amount of Convertible Notes, which is equivalent to an initial conversion price of approximately \$11.46 per share of common stock. The conversion price for the Convertible Notes will be reduced for quarterly cash distributions paid to common shares to the extent that the quarterly distribution exceeds \$0.29 per share, subject to adjustment. The Convertible Notes mature on November 1, 2017, unless previously converted in accordance with their terms. We do not have the right to redeem the Convertible Notes prior to maturity. The aggregate accrued interest payable on the Convertible Notes at September 30, 2017 was approximately \$3.0 million. Deferred debt issuance costs represent fees and other direct incremental costs incurred in connection with the Convertible Notes. As of September 30, 2017, we had a deferred debt issuance balance of approximately \$45,000. This amount is being amortized and is included in interest expense in the consolidated statements of operations over the term of the Convertible Notes.

The following table sets forth the components of interest expense, effective annualized average interest rates and cash paid for interest of the Convertible Notes for the three and nine months ended September 30, 2017 and 2016, respectively:

<b>2017 Convertible Notes (\$ in thousands)</b>	<b>Three</b>	<b>Three</b>	<b>Nine Months</b>	<b>Nine Months</b>
	<b>Months Ended September 30, 2017</b>	<b>Months Ended September 30, 2016</b>	<b>Ended September 30, 2017</b>	<b>Ended September 30, 2016</b>
Stated interest expense	\$ 1,772.7	\$ 2,156.3	\$ 5,318.0	\$ 6,468.8
Amortization of deferred issuance costs	128.2	156.0	380.5	464.7
<b>Total interest expense</b>	<b>\$ 1,900.9</b>	<b>\$ 2,312.3</b>	<b>\$ 5,698.5</b>	<b>\$ 6,933.5</b>
Effective annualized average interest rate	7.98%	7.98%	8.06%	8.03%
Cash paid for interest	\$ —	\$ —	\$ 3,545.3	\$ 4,312.5

## Distributions

In order to qualify for tax treatment as a RIC and to avoid corporate level tax on the income we distribute to our stockholders, we are required, under Subchapter M of the Code, to distribute at least 90% of our ordinary income and short-term capital gains to our stockholders on an annual basis.

Effective January 1, 2015, we recorded interest from our investments in the equity class securities of CLO vehicles using the effective interest method in accordance with the provisions of ASC 325-40, *Beneficial Interests in Securitized Financial Assets*, based upon an estimation of an effective yield to the expected redemption utilizing estimated cash flows, including those CLO equity investments that have not made their inaugural distribution for the relevant period end. We monitor the expected residual payments, and effective yield is determined and updated periodically, as needed. Accordingly, investment income recognized on CLO equity securities in the GAAP statement of operations differs from both the tax-basis investment income and from the cash distributions we actually received during the period. CLO entities generally constitute “passive foreign investment companies” and are subject to complex tax rules; the calculation of taxable income attributed to a CLO equity investment can be dramatically different from the calculation of income for financial reporting purposes. Taxable income is based upon the distributable share of earnings as determined under tax regulations for each CLO equity investment, while accounting income is recorded using the effective yield method. This method requires the calculation of an effective yield to expected redemption based upon an estimation of the amount and timing of future cash flows, including recurring cash flows as well as future principal repayments; the difference between the actual cash received (and record date distributions to be received) and the effective yield income calculation is an adjustment to cost. The effective yield is reviewed quarterly and adjusted as appropriate. Our final taxable earnings for the year ended December 31, 2016 resulted in a 50.7% non-taxable return of capital. While GAAP accounting income from our CLO equity class investments for the three months ended September 30, 2017 was approximately \$8.1 million, we received or were entitled to receive approximately \$11.3 million in distributions. Our distribution policy is based upon our estimate of our taxable net investment income, which includes actual distributions from our CLO equity class investments, with further consideration given to our realized gains or losses on a taxable basis.

The following table reflects the cash distributions, including dividends and returns of capital, if any, per share that our Board of Directors has declared on our common stock since the beginning of 2015:

<b>Date Declared</b>	<b>Record Date</b>	<b>Payment Date</b>	<b>Amount</b>
<b>Fiscal 2017</b>			
October 27, 2017	December 15, 2017	December 29, 2017	\$ 0.20
February 27, 2017	September 15, 2017	September 29, 2017	0.20
February 27, 2017	June 16, 2017	June 30, 2017	0.20
February 27, 2017	March 16, 2017	March 31, 2017	0.20
<i>Total (2017)</i>			<u>\$ 0.80</u>
<b>Fiscal 2016</b>			
October 26, 2016	December 16, 2016	December 30, 2016	\$ 0.29
July 28, 2016	September 16, 2016	September 30, 2016	0.29
April 28, 2016	June 16, 2016	June 30, 2016	0.29
February 15, 2016	March 17, 2016	March 31, 2016	0.29
<i>Total (2016)</i>			<u>\$ 1.16<sup>(1)</sup></u>
<b>Fiscal 2015</b>			
November 2, 2015	December 16, 2015	December 31, 2015	\$ 0.29
July 30, 2015	September 16, 2015	September 30, 2015	0.29
April 27, 2015	June 16, 2015	June 30, 2015	0.29
February 19, 2015	March 17, 2015	March 31, 2015	0.27
<i>Total (2015)</i>			<u>\$ 1.14<sup>(2)</sup></u>

(1) Includes a taxable return of capital of approximately \$0.59 per share for tax purposes.

(2) Includes a taxable return of capital of approximately \$0.08 per share for tax purposes.

## *Related Parties*

We have entered into the Investment Advisory Agreement with TICC Management. TICC Management is controlled by BDC Partners, its managing member. BDC Partners, as the managing member of TICC Management, manages the business and internal affairs of TICC Management. In addition, BDC Partners provides us with office facilities and administrative services pursuant to the Administration Agreement. Jonathan H. Cohen is the managing member of and controls BDC Partners. Saul B. Rosenthal is also the President of TICC Management and a member of BDC Partners.

Charles M. Royce has a minority, non-controlling interest in TICC Management, but he does not take part in the management or participate in the operations of TICC Management.

Messrs. Cohen and Rosenthal also currently serve as Chief Executive Officer and President, respectively, at Oxford Bridge Management, LLC, the investment adviser to Oxford Bridge, LLC, a private fund that invests principally in the equity of CLOs. BDC Partners is the managing member of Oxford Bridge Management, LLC. In addition, Bruce L. Rubin serves as the Chief Financial Officer and Secretary, and Gerald Cummins serves as the Chief Compliance Officer, respectively, of Oxford Bridge Management, LLC.

Messrs. Cohen and Rosenthal currently serve as Chief Executive Officer and President, respectively, of Oxford Lane Capital Corp., a non-diversified closed-end management investment company that invests primarily in equity and junior debt tranches of CLO vehicles, and its investment adviser, Oxford Lane Management, LLC. BDC Partners provides Oxford Lane Capital Corp. with office facilities and administrative services pursuant to an administration agreement and also serves as the managing member of Oxford Lane Management, LLC. In addition, Bruce L. Rubin serves as the Chief Financial Officer, Treasurer and Corporate Secretary of Oxford Lane Capital Corp. and Chief Financial Officer and Treasurer of Oxford Lane Management, LLC, and Mr. Cummins serves as the Chief Compliance Officer of Oxford Lane Capital Corp. and Oxford Lane Management, LLC.

As a result, certain conflicts of interest may arise with respect to the management of our portfolio by Messrs. Cohen and Rosenthal on the one hand, and the obligations of Messrs. Cohen and Rosenthal to manage Oxford Lane Capital Corp. and Oxford Bridge, LLC, respectively, on the other hand.

TICC Management, Oxford Lane Management, LLC and Oxford Bridge Management, LLC are subject to a written policy with respect to the allocation of investment opportunities among TICC, Oxford Lane Capital Corp. and Oxford Bridge, LLC. Where investments are suitable for more than one entity, the allocation policy generally provides that, depending on size and subject to current and anticipated cash availability, the absolute size of the investment as well as its relative size compared to the total assets of each entity, current and anticipated weighted average costs of capital, among other factors, an investment amount will be determined by the adviser to each entity. If the investment opportunity is sufficient for each entity to receive its investment amount, then each entity receives the investment amount; otherwise, the investment amount is reduced pro rata. On June 14, 2017, the Securities and Exchange Commission issued an order permitting TICC and certain of its affiliates to complete negotiated co-investment transactions in portfolio companies, subject to certain conditions (the "Order"). Subject to satisfaction of certain conditions to the Order, TICC and certain of its affiliates are now permitted, together with any future BDCs, registered closed-end funds and certain private funds, each of whose investment adviser is TICC's investment adviser or an investment adviser controlling, controlled by, or under common control with TICC's investment adviser, to co-invest in negotiated investment opportunities where doing so would otherwise be prohibited under the 1940 Act, providing TICC's stockholders with access to a broader array of investment opportunities. Pursuant to the Order, we are permitted to co-invest in such investment opportunities with our affiliates if a "required majority" (as defined in Section 57(o) of the 1940 Act) of our independent directors make certain conclusions in connection with a co-investment transaction, including, but not limited to, that (1) the terms of the potential co-investment transaction, including the consideration to be paid, are reasonable and fair to us and our stockholders and do not involve overreaching in respect of us or our stockholders on the part of any person concerned, and (2) the potential co-investment transaction is consistent with the interests of our stockholders and is consistent with our then-current investment objective and strategies.

In the ordinary course of business, we may enter into transactions with portfolio companies that may be considered related party transactions. In order to ensure that we do not engage in any prohibited transactions with any persons affiliated with us, we have implemented certain policies and procedures whereby our executive officers screen each of our transactions for any possible affiliations between the proposed portfolio investment, us, companies controlled by us and our employees and directors. We will not enter into any agreements unless and until we are satisfied that doing so will not raise concerns under

the 1940 Act or, if such concerns exist, we have taken appropriate actions to seek board review and approval or exemptive relief for such transaction. Our Board of Directors reviews these procedures on an annual basis.

We have also adopted a Code of Business Conduct and Ethics which applies to, among others, our senior officers, including our Chief Executive Officer and Chief Financial Officer, as well as all of our officers, directors and employees. Our Code of Business Conduct and Ethics requires that all employees and directors avoid any conflict, or the appearance of a conflict, between an individual's personal interests and our interests. Pursuant to our Code of Business Conduct and Ethics, each employee and director must disclose any conflicts of interest, or actions or relationships that might give rise to a conflict. Our Audit Committee is charged with approving any waivers under our Code of Business Conduct and Ethics. As required by the NASDAQ Global Select Market corporate governance listing standards, the Audit Committee of our Board of Directors is also required to review and approve any transactions with related parties (as such term is defined in Item 404 of Regulation S-K).

Information concerning related party transactions is included in the consolidated financial statements and related notes, appearing elsewhere in this quarterly report on Form 10-Q.

## RECENT DEVELOPMENTS

On October 27, 2017, the Board of Directors declared a distribution of \$0.20 per share for the fourth quarter, payable on December 29, 2017 to shareholders of record as of December 15, 2017.

On November 1, 2017, the Convertible Notes matured and were repaid in full (approximately \$94.5 million) in accordance with their terms.

### ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

We are subject to financial market risks, including changes in interest rates. As of September 30, 2017, one debt investment in our portfolio was at a fixed rate, and the remaining 25 debt investments were at variable rates, representing approximately \$0.8 million and \$243.6 million in principal debt, respectively. At September 30, 2017, all of our variable rate investments were income producing. The variable rates are based upon the five-year Treasury note, the Prime rate or LIBOR, and, in the case of our bilateral investments, are generally reset annually, whereas our non-bilateral investments generally reset quarterly. We expect that future debt investments will generally be made at variable rates. Many of the variable rate investments contain floors.

To illustrate the potential impact of a change in the underlying interest rate on our net investment income as it pertains to our debt portfolio, we have assumed a 1% increase in the underlying five-year Treasury note, the Prime rate or LIBOR, and no other change in our portfolio as of September 30, 2017. We have also assumed no outstanding variable rate borrowings due to the repayment of the TICC CLO 2012-1 secured notes. Under this analysis, net investment income would increase by \$2.4 million on an annualized basis, reflecting the amount of investments in our portfolio which have implied floors that would be unaffected by a 1% change in the underlying interest rate. Although management believes that this analysis is indicative of our existing interest rate sensitivity, it does not adjust for changes in the credit quality, size and composition of our portfolio, and other business developments, including a change in the level of our borrowings, that could affect the net increase (or decrease) in net assets resulting from operations. Accordingly, no assurances can be given that actual results would not differ materially from the results under this hypothetical analysis.

We may in the future hedge against interest rate fluctuations by using standard hedging instruments such as futures, options and forward contracts. While hedging activities may insulate us against adverse changes in interest rates, they may also limit our ability to participate in the benefits of lower interest rates with respect to the investments in our portfolio with fixed interest rates.

### ITEM 4. CONTROLS AND PROCEDURES.

#### *(a) Evaluation of Disclosure Controls and Procedures*

As of September 30, 2017 (the end of the period covered by this report), we, including our Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rule 13a-15(e) of the Securities Exchange Act of 1934, as amended). Based on that evaluation, our management, including the Chief Executive Officer and Chief Financial Officer, concluded that our disclosure controls and procedures were effective and provided reasonable assurance that information required to be disclosed in our periodic SEC filings is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. However, in evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated can provide only reasonable assurance of achieving the desired control objectives, and management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of such possible controls and procedures.

*(b) Changes in Internal Control Over Financial Reporting*

There have been no changes in the Company's internal control over financial reporting (as defined in Rule 13a-15(f) under the Securities Exchange Act of 1934, as amended) that occurred during the quarter ended September 30, 2017 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

## **PART II — OTHER INFORMATION**

### **ITEM 1. LEGAL PROCEEDINGS.**

We are not currently subject to any material legal proceedings. From time to time, we may be a party to certain legal proceedings in the ordinary course of business, including proceedings relating to the enforcement of our rights under contracts with our portfolio companies. While the outcome of these legal proceedings, if any, cannot be predicted with certainty, we do not expect that these proceedings will have a material effect upon our financial condition or results of operations.

### **ITEM 1A. RISK FACTORS.**

In addition to the other information set forth in this report, you should carefully consider the factors discussed in Item 1A. Risk Factors in our Annual Report on Form 10-K for the fiscal year ended December 31, 2016, which could materially affect our business, financial condition and/or operating results. The risks described in our Annual Report on Form 10-K are not the only risks facing our company. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially and adversely affect our business, financial condition and/or operating results. There have been no material changes during the nine months ended September 30, 2017 to the risk factors discussed in Item 1A. Risk Factors in our Annual Report on Form 10-K for the year ended December 31, 2016.

### **ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS.**

#### **Sales of Unregistered Equity Securities**

We did not engage in unregistered sales of equity securities during the three months ended September 30, 2017, and we did not issue shares of common stock under our distribution reinvestment plan. During the quarter ended September 30, 2017, as part of our dividend reinvestment plan for our common stockholders, our dividend reinvestment administrator purchased 45,183 shares of our common stock for \$0.3 million in the open market to satisfy the reinvestment portion of our dividends.

### **ITEM 3. DEFAULTS UPON SENIOR SECURITIES.**

None.

### **ITEM 4. MINE SAFETY DISCLOSURES.**

Not applicable.

### **ITEM 5. OTHER INFORMATION.**

None.

## Section 2: EX-31.1 (EXHIBIT 31.1)

### Exhibit 31.1

#### CERTIFICATION OF CHIEF EXECUTIVE OFFICER

I, Jonathan H. Cohen, Chief Executive Officer of TICC Capital Corp., certify that:

1. I have reviewed this quarterly report on Form 10-Q of TICC Capital Corp.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - a) designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - b) designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - c) evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - d) disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of

internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):

- a) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
- b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

## Section 3: EX-31.2 (EXHIBIT 31.2)

### Exhibit 31.2

#### CERTIFICATION OF CHIEF FINANCIAL OFFICER

I, Bruce L. Rubin, Chief Financial Officer of TICC Capital Corp., certify that:

1. I have reviewed this quarterly report on Form 10-Q of TICC Capital Corp.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - a) designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - b) designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - c) evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - d) disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - a) all significant deficiencies and material weaknesses in the design or operation of internal control

over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

- b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

## Section 4: EX-32.1 (EXHIBIT 32.1)

**Exhibit 32.1**

**CERTIFICATION OF CHIEF EXECUTIVE OFFICER  
PURSUANT TO  
SECTION 906 OF THE SARBANES-OXLEY ACT OF 2002 (18 U.S.C. 1350)**

In connection with the Quarterly Report on Form 10-Q for the period ended September 30, 2017 (the "Report") of TICC Capital Corp. (the "Registrant"), as filed with the Securities and Exchange Commission on the date hereof, I, Jonathan H. Cohen, the Chief Executive Officer of the Registrant, hereby certify, to the best of my knowledge, that:

- (1) The Report fully complies with the requirements of Section 13(a) or 15(d) of the Securities Exchange Act of 1934, as amended; and
- (2) The information contained in the Report fairly presents, in all material respects, the financial condition and results of operations of the Registrant.
